THE WAGNER CASE.

FRIDAY.—Dr. Kreamer: Asked Louisa where she got the medicine, she either said at Lehighton or Mauch Chunk; asked her again from whom; she said "er"—he—gave it to her; asked whether there was any of it about the house, said yes, up stairs; Mrs. Boyer went and returned with a box of pills; had them in my possession until last Monday morning, when I gave them to ex-Sheriff Stocker.

Cross-examined: When I asked her whether she had any more? she said "no," that she had thrown it in the stove; when I asked her what it looked like, she said "weiss, mie mehl"—white as flour: this was in reply to my question; Mr. Beavers frequently sent messengers for the pills; didn't have them at Harrisburg.

Redirect: Did not hear her say to her mother that she shouldn't say about it; can't tell what the pills were intended for, except that they might have been regulating pills.

Mrs. Boyer: Previous to her death, Louisa told me not to say anything about her having taken the pills; this was up stairs; she didn't tell me why I shouldn't say anything about it; gave her all I could think of; she had been vomiting an hour before she told me; asked no questions; didn't think of asking her where she got the stuff; it was through the conversation between her and the doctor that I first heard about the pills; gave them to Dr. Kreamer.—Didn't hear all Louisa told him.

Adelaide Boyer: Don't remember having been at Straub's on a Sunday in July in Louisa, Livi, and Charles Wagner's company.

Mrs. Boyer: Remember that Louisa and Chas. went carriage-riding one Sunday in July, but don't remember the date.

Edgar Twining: The jar or bottle Dr. Erwin gave me for safe keeping, was returned to him in the same condition as it was when he gave it to me. Prosecution rests.

Hon. Allen Craig then submits the case to the jury for the defense.

Mrs. Wagner, the prisoner's mother, was the first witness called, but nothing further than that she had sent her son for "rattengift" was elicited.

Millie Shafer, had, in the course of a conversation with Louisa Boyer, had some weeks previous to her decease, quizzed her on the marriage question, etc., and Samuel Ziegenfuss, James Straub, Reuben Stemler and Charles Meendsen, on being called, gave the prisoner about an average character.

John H. Weiss: Reside in the neighborhood of the Wagner's; knew prisoner; his reputation has always been good.

Robert McDaniel, another neighbor, testified about the same, as did Samuel Straub, Hiram Straub, Jacob Straub, Stephen Lentz, Francis Knaut and Samuel Ziegenfuss, also Thomas Schoenberger, who had stayed one night in Wagner's company at Boyer's house.

John Straub: On the day of Charles Wagner's arrest it rained at about 11 a. m. He then refers to a conversation had with Mrs Boyer shortly after the death of Louisa, in which he claims she had said to him "If Charley procured the poison, Louisa must have given him the money." Counsel for the Commonwealth object to what Mrs. Boyer might have believed which objection is sustained by the court. He also knows that the Wagner's had plenty of rats.

Margaret Kern: A neighbor of Wagner's knows that their house was infested by rats; was at Boyer's at the time of Louisa's death; saw Mrs. Boyer and Mrs. Wagner there.

Dr. Kramer re-called by Commonwealth: Heard Mrs. Wagner say that they had no poison about the house anyhow that Charley couldn't have bought any as he had no money; referred to "rattengift."

Judge Wentz: Was present when the "rattengift" conversation took place (we have no poison in the house, and where would he get money to buy any? he had no money.)

John Sterling: Witness corroborates the poison story.

Mrs. Sterling: Was at Mrs Wagner's when she bought rat poison. They were then pestered with rats; when I worked for her during harvest she told me the rats were all gone, she also speaks of Mrs. Wagner's remarks, that her son had no money to buy poison.

Mrs Boyer: Mrs. Wagner was at our house on the day Louisa died; Mrs. B. then relates Mrs. Wagner's poison story.

Mr. Siewers, the district attorney, opened for the commonwealth on Friday afternoon. He was followed by Messrs. Craig and Rapsher for the prisoner. On saturday morning Mr. Fox closed for the prosecution. The speeches on both sides are said to have been very able. Judge Dreher's charge was a careful review of the testimony, and was characterized by his usual impartiality. The Jury, after being out seven hours, at 11 o'clock p. m., returned a verdict of not guilty, to the great delight of the prisoner and his friends.

Wagner was immediately re-arrested and put under two thousand dollars bail on a charge of attempting to procure an abortion.

—Spelling matches are now just about commencing, and all who have about two thousand words ready, can make a call and be successful.

—Mr. Rudolph Rumble, proposes to sell his farm and saw-mill, and if successful, will go west. Mr. R. has a fine farm situated only one mile from Lehighton and no doubt any one wishing to buy a farm, would do well to give him a call.

—The overcoats that Messrs Kochran and Gombert received from the "Fox family," we understand did not fit Kochran, so Gombert took both of them. And so mote it be.

—On Saturday evening a great raffling match will come off at Moutz's Hotel, for an ox weighing 2200 lbs.

Yours, oxy, HOMO.

The Coal Trade.

The only thing new in the coal trade the past week is the differences which have found place in the New York papers between the Central Railroad of New Jersey and the Lehigh Coal and Navigation Company and its railways. The Central, it is known, is the lessee of the Navigation and its roads. Under the contract of lease between the two companies, the Central is obliged to settle quarterly the transportation charges of the Navigation Company now amounting, as reported, to some $700,000, the latter depending on what it receives for the means to pay dividends and interest. In default of such payments the Navigation Company declare the contract void, and, in such event, whatever betterments the Central has made on the property of the Navigation Company are forfeited to that company. The amount of the outlay so made by the Jersey Central was reported in ex-President Johnson's statement of last September at $600,000. In case the lease should be broken the coal business which the Central Railroad now receives from the Navigation Company and its railroads would go to either the Morris and Essex or the Lehigh Valley Railroad, the former conveying its coal near New York and the latter at Amboy. Should this dispute between the lessors and lessees above named result in open rupture, which we have reason to think will not at present, if ever, happen, a very important question will arise as to which of the New Jersey companies shall have the Navigation Company's tonnage. It would be a rich plum to the Morris and Essex, would add largely to the business of the Lehigh Valley Railroad, and would, no doubt, be competed by the Pennsylvania Railroad Company for its Belvidere Railroad as a feeder to its Delaware and Raritan Canal. But, as we have said, this rupture, probably hoped for by rival competing lines, is not likely to happen. Indeed, we hear that an arrangement has been partially concluded which will continue effectively existing arrangements. It is, indeed, hoped so, and that the coal trade may be saved all extraneous trouble. The best of the coal companies have now to face six months when business for them is never very profitable, and the unsound companies have, in addition to an unfavorable business, to meet deferred obligations by resort to credit; whether their credit is now good enough to serve them is to be tested. Just at this moment the trade among operators is nearly at a stand. The tonnage by the companies is quite light, and, while wholesale prices rule very low, they give no promise of an early advance. The supply of coal in the market is full without being unduly large.—Phila. Ledger.

There were two large coal sales in New York Wednesday. In the Exchange Salesroom 50,000 tons of Pittston coal were sold for the Pennsylvania Coal Company. By the terms of the sale 25,000 tons of lump, steamer, grate, and egg coal were put up together, the purchaser being limited in his choice of variety to 7,000 tons of egg. Twenty-five thousand tons of stove were also put up. The bidding was spirited, and the prices obtained compare favorably with those at the sale last month:

	Dec. 20, 1876.	Jan. 24, 1877.
Lump	$2 82½	$2 82½
Steamer	2 82½	2 82½
Grate	2 82½	2 82½
Egg	2 82½	2 87½@2 90
Stove	3 40@3 47½	3 45

Another sale was at 26 Exchange place. It was conducted by John H. Draper, and consisted of 100,000 tons of Scranton coal for the Delaware, Lackawanna and Western Railroad Company. By the terms of the sale the coal is to be delivered at Hoboken during February. There were a number of dealers present, but the bidding was not spirited, and, as will be seen by the following comparative table, the prices show a falling off in the rates obtained last month:

	Dec. 21, 1876.	Jan 24, 1877.
Steamboat	$2 85 @2 87½	$2 65
Grate	2 80 @ 2 85	2 65 @2 70
Egg	2 87½ @ 2 92½	2 80 @2 85
Stove	3 65 @ 3 67½	3 40 @3 47½
Chestnut	3 20 @ 3 25	3 02½@3 12½

—The Scranton Republican says that city orders which have already been paid out of the city treasury have been put in circulation the second time without cancellation, presumably for the benefit of the treasurer who should have destroyed them in the first instance.

—The Pottsville Miner's Journal says of the bearing of the convicted Molly Maguires: "Since Jack Kehoe heard the verdict of guilty of murder in the first degree pronounced against himself and has retired to the privacy of the prison cell, he has ceased to feign an indifference he is far from feeling. He is sick, whether mentally or physically, and scarcely eats anything. He now seems to realize his position and to incline to despair at the thought of being bound by the cords of his sin. Thomas Duffy, on the contrary, is as bold in his cell as out of it, and puts on an air of contempt of death.
