The Strke Ended. A Scranton Dispatch, dated Tuesday,

Oct. 16, gives us the following cheering intelligence: At a mass meeting of the Delaware, Lackawanna and Western Railroad Company's men this morning it was unanimously voted for work. At meetings of the Delaware and Hudson Company's men this morning, at Carbondale, Jermyn, Olyphant and Providence, comprising all their coller-les in the Lackawanna valley, it was voted to go to work by an immense majority. This ends the last vestige of the strike. Briggs's shaft, Fairiawn, and School Fund collectes began work this morning. The manner of closing the long and bitter contest between capital and labor gives satisfaction to all classes. The miners themselves, even though defeated, are in excellent spirits at the prospect of returning to work, and in view of the fact that their organization has not been shattered by the sudden collapse of the strike, the men (union and non-union) now stand on an equal footing, and all occasion for bitterness and bad feeling among them has been happily avoided. Peace reigns in Scranton, and there can be no further cause for popular apprehen-sion. Business men look exceedingly well pleased, and a prompt revival of trade is generally predicted.
