of piled-up stones, and when the ball broke  
up made an attack upon those who had been

**County Committee.**  
The county committee of the National  
party will meet at the Broadway House,  
Mauch Chunk, on Saturday, March 30, at  
12 o'clock p. m., for the purpose of ratification  
and the election of delegates to the State  
Convention. All committee-men are re-  
quested to be present. By order,

W. A. GRAVER, Sec. Co. Ex. Com.

**M. E. Conference Appointments.**  
The following appointments of ministers  
of the M. E. Church, by the conference just  
closed at Reading, will interest our readers:  
Frankfort, G. W. McLaughlin; Western  
Philadelphia, G. Hancock; Christian Street,  
Philadelphia, L. B. Hoffman; Asbury,  
Philadelphia, Noble Frame; Centenary,  
Philadelphia, William Major; Marcus  
Hook, A. M. Wiggins; Lancaster, I. J.  
Hurell; J. R. Byler; Middletown, J. T.  
Switzer; the "Sugar" will not all be gath-  
ered; Lehighton, G. Oram; to be sup-  
plied; Mauch Chunk, B. T. Vincent; East  
Mauch Chunk, J. Sampson; Nesquehoning,  
D. F. Unangst; Newton, L. B. Brown.

**Mahoning Items.**  
—Keep what you have, and get what you  
can.  
—The rain at the beginning of the week  
caused the Spring weather to disappear.  
—On Monday next J. H. Kistler, of this  
place, will leave for one of the far Western  
States. Success to James!  
—The house of Frank Flexer is now un-  
der roof, and by the time it is completed  
will make a fine building.  
—Alexander Kemmer, Joseph Hough,  
and D. B. Beck, all of this place, may start  
for the far West before many days. We  
hope that the "sugar" will not all be gath-  
ered before they arrive. Our best wishes  
accompany them on their journey, should  
they go. Yours, H. B. BROWN.

**Packerton Ripples.**  
—We had the pleasure of attending the  
Lycium at Lehighton last Saturday evening,  
and we found it well attended and  
very interesting. The subject for dis-  
cussion was a national one and was  
handled with vigor. Messrs. Horn, Snyder,  
Bohn, Gable, and Weiss acquitted them-  
selves with honor—our average Congress-  
man, however, in fact I doubt whether  
they are as well informed as they should  
receive the hearty support of the citizens. It  
is a national improvement society. Mr. O.  
A. Claus fills the chair creditably, his rul-  
ing are prompt. Great and good results  
may be expected if the interest is kept up.  
—Thomas Weaver has a large contract for  
pulp timber which will take some time to  
fill. He has quite a force employed. There  
is no man in this county more deserving of  
success. Hard-working, honest, his efforts  
should bring a good remuneration.

—We hear that our friend Hibbler will  
return to Lehighton again. The increasing  
sales of his "Florida Balm" requires a  
larger place for the manufacturing, and the  
facilities are offered there. We shall be  
sorry to part with him.

—Joseph Horn is home temporarily from  
Baltimore City, where he is pursuing his  
studies, and whence he will emerge a full-  
fledged M. D. Joe is a close student, and  
will make his mark in the professional  
world.

—No coal was run on Monday, owing to  
the observance of St. Patrick's Day. The  
day was a beautiful one for the sons of the  
Emerald Isle to enjoy the usual parade.

**Honor to a Lehightonian.**  
Says the *Lebanon, Pa. Daily News* of the  
25th ult.: Every nook and corner of the  
auditorium room of the First Reformed  
church was filled with people, eager to hear  
the sermon of Rev. A. H. Bartholomew, to  
the Patriotic Order Sons of America, last  
evening. Long before the hour announced  
for the opening of the doors, crowds of peo-  
ple were seen on our streets wending their  
way to the church, where already a large  
crowd had assembled on the outside, so that  
when the doors were opened the seats were  
occupied in a very short space of time, and  
the deacons were obliged to bring benches  
to chairs into the aisle and other vacant  
parts of the room in order to seat the audi-  
ence. The order filed into the church in a  
body, numbering over 100 men, and occu-  
pying over one tier of pews. The delivery  
of the Reverend gentleman was one of rare  
ability for one so young in years. He held  
the entire assemblage spell bound during  
the entire sermon, and all united at the close,  
in congratulating the young clergyman on his  
able discourse. All were highly interested  
and would have been willing to sit for half  
an hour longer without becoming in the  
least fatigued. The order can well feel  
proud of having in its ranks a young man of  
such abilities and culture. We feel con-  
vinced that his presence in a Lebanon pulpit  
will be long remembered by our citizens who  
had the pleasure of hearing him, and hope  
that he may before long appear in our midst  
again. Rev. Bartholomew, selected his text  
from the book of Proverbs, the 14th chapter  
and part of the 34th verse, "RIGHT-  
TEOUSNESS EXALTETH A NATION."

**Lehighton Lycium.**

discussed, and quite a number participated.  
It was decided in favor of the negative.

reading, Carrie Bauer. Our Paper was  
read by T. A. Snyder, the editor. After  
taking up the collection, society adjourned.

**15,000 Men in Line.**  
The demonstration in Allentown on Fri-  
day of last week, to protest against the pas-  
sage of the Wood Tariff Bill, now pending in  
Congress, was a grand success. The visit-  
ing delegations arrived in the city with  
bands playing and flags flying, and by noon  
the city presented a very enthusiastic ap-  
pearance. Traffic was generally suspended,  
and all business houses and many private  
dwellings were profusely decorated with  
flags and bunting. The procession formed  
at half past one p. m., with Mayor Young as  
chief marshal, and it is estimated that there  
were fully 15,000 men in line, mostly iron-  
workers, together with civil and military  
authorities, firemen, lodges of all kinds, citi-  
zens on foot and tradesmen of every de-  
scription at work in wagons. The banners  
were numerous and very expressive of the  
feelings of the community toward free trade  
in general. After the procession,  
speeches were made by ex-Congressman  
Galusha A. Grow, B. Markley Boyer, John  
W. Killinger, J. S. Biery, Charles Albert,  
Edward Harvey, Colonel William Mc-  
Michael, and J. P. Wickesham. Four  
stands had been erected for the accommoda-  
tion of the speakers, who were enthusiastically  
received. The feeling is unanimous in  
this section, and the people on Friday ex-  
pressed themselves most emphatically in  
favor of a protective tariff.

The following resolutions, prepared by the  
Committee of Arrangements, were unani-  
mously adopted:  
The working men, merchants, manufac-  
turers and farmers of the Lehigh Valley, in  
the State of Pennsylvania, embracing men  
of all parties and shades of political opinion,  
having this day, March 16th, assembled in  
mass convention in the city of Allentown,  
do hereby declare that:  
Whereas, The country has been suffering  
from serious industrial depression for sev-  
eral years, carrying with it bankruptcy and  
poverty throughout the land; and  
Whereas, In our judgment, the recovery  
of our material interests from this condition  
has been greatly retarded by the too fre-  
quent changes and proposed changes in the  
policy of protection, the effect  
of which is to unsettle business, discourage  
enterprise and destroy confidence; and  
Whereas, The interests of this valley particu-  
larly have been affected disastrously by  
the proposed changes in the Tariff Bill;  
and  
Whereas, Our whole past history justifies  
the assertion that our manufacturers, if pro-  
tected, will so rapidly advance that in a  
brief time they will be equal not only to  
all the demands of our own country, but  
may with profit enter foreign markets with  
their products; and  
Whereas, Now, as heretofore, foreign  
countries take us up such only of our  
products as are indispensable to their  
necessities, while the great bulk of our im-  
ports from them consists of such only as can  
or may be produced here; therefore,  
Resolved, That, regarding our faith in  
the policy of protection, we do hereby earnestly  
protest against any present change in the  
existing tariff laws.

Resolved, That, as American citizens, we  
urge upon our legislators the policy of en-  
couraging American industries, and we de-  
clare that a policy that will in any degree  
lead to advancing the interests of foreign  
manufacturers, at the expense and to the  
detriment of our own industries, is alike  
opposed to the spirit of a republican form  
of government and to common sense.

Resolved, That we are opposed to admit-  
ting foreign-built vessels to register and li-  
cense and to all the benefits and privileges  
of vessels of the United States, believing  
that it must at once destroy the industry  
of building ships in our own waters, which,  
under present laws, is giving employment to  
thousands of men and holds fair to increase  
wonderfully in extent in the future.

Resolved, That we are for the same reason  
opposed to the proposed section 21,  
which permits materials for the construction  
of vessels in the United States, to be im-  
ported free of duty, as it will be an unjust  
discrimination against the manufacture of  
like material in this country, and we there-  
fore protest against such an enactment as  
discriminatory and not asked for by the Amer-  
ican people.

Resolved, That we heartily favor Senator  
Eaton's plan of a commission of experts and  
representative men, who shall have the  
power given them to enter thoroughly into  
the whole question of tariff revision, during  
which investigation representative men of  
all American interests, shall be consulted,  
and that a bill may be reported which will  
fairly and wisely meet all the requirements.

Resolved, That as working men we fully  
appreciate the fact that a reduction in duties  
means a reduction in wages, and urge that  
it is neither wise nor humane to pass such  
laws as must result in the enforced idleness  
of thousands of laboring men, or in the  
necessity of such wages as shall afford only  
the most meagre subsistence to their fam-  
ilies.

Resolved, That we earnestly request our  
Representatives in Congress to use all fair  
and honorable means to prevent any  
changes in existing rates of duties, and, if  
possible, to at once introduce a resolution in  
Congress declaring the proposed changes as  
injurious at this time, and thus allay the  
agitation which now fills the public mind  
on this question.

It was late in the night before the streets  
of Allentown presented their usual quiet  
appearance.

—WAY SCIMITT to the Discomfit, and  
lumination entailed by a local disease of  
the skin, when GLEN'S SULPHUR SOAP will  
rid you of it with certainty and despatch. It  
is a remedy which never fails to relieve  
cutaneous disease, and, as a means of relieving  
defects of the complexion, it is equally  
reliable. The benefits arising from the use  
of Sulphur Baths, in cases of skin disease,  
and of rheumatism and gout, are well known,  
but the cost is too heavy to be incurred by  
many persons who would otherwise take ad-  
vantage of them. GLEN'S Sulphur Soap  
answers the same purpose, and is both inex-  
pensive and convenient. No one need stir  
abroad in search of a sulphur bath who has  
this admirable means of providing one in-  
doors. It is incomparably the deodorizer  
and disinfectant of clothing and bed linen,  
and prevents diseases of an obnoxious  
nature caused by contact. Sores, ulcers,  
transmissible, cuts and strains are prompt-  
ly remedied by it; and its cleanly, healing  
and soothing properties constitute it a far  
more desirable remedy for scorbatic ailments  
than ointments of any description, since  
such greasy compounds soil the clothing,  
often aggravate, and very rarely indeed do  
any permanent good. Sold by Druggists.  
Price 25c. per cake. 1 Box (5 cakes) 75c.  
Sent by mail, prepaid, on receipt of price.

—Among the graduates of the medical de-  
partment of the University of Pennsylvania,  
we notice the name of our young townsman,  
Edward Miller, son of Mr. Philip Miller,  
upon whom the degree of M. D. was confer-  
red at the annual commencement, held on  
the 15th inst. Dr. Miller passed with full  
honors, every member of the faculty signing  
his examination paper. We wish him every  
success in his profession.

**Big Creek Items.**

improving in health.  
—Our friend, H. T. Stawley, teacher of  
Mackereil school, has been engaged to  
teach a five months' term of school at Bear  
Creek, which will open the first Monday in  
June.  
—Our Assessor has received notice to  
make an enrollment of all the men in this  
township between the ages of 21 and 45  
years, and report to the County Commis-  
sioners. For what reason, I am unable to  
say.  
—Pine Run school, No. 2, is the banner  
school of Carbon County. It has made 100  
per cent. the past month. The number of  
absent marks found on the roll were but 3,  
and the teacher, L. J. Buck, calls upon some  
one to beat that record.

—A son of John Wolfe, of Wakefield,  
has been quite ill this week. He is attend-  
ed by Dr. J. G. Zern, of Weisport.

—We are greatly pleased with the ap-  
pointment of conference, they having sent  
us Brother Werner for another year. He is  
well liked in the whole circuit.

—Diphtheria is the disease from which  
most of the neck are suffering at present.

—W. S. Harpell and wife, of Mauch Chunk,  
were on a visit to Mr. Harpell's parents, who  
reside here, over Sunday.

—Rev. Jacob Snyder, of Parryville, has  
been visiting friends at this place during the  
past week. He is always welcome.

—R. F. Hoffer, County Superintendent,  
is expected to visit our schools next week.  
Yours, &c., KEVIN.

**A Cloud of Witnesses.**  
For nearly a quarter of a century Dr.  
Sage's Catarrh Remedy has been acknowl-  
edged by the people as a positive cure for all  
catarrhal affections. Its great popularity  
with physicians and patients, together with  
its constantly increasing sale, attests, in argu-  
ments stronger than words, its healing  
power. If there be general or nervous de-  
bility and impoverished blood, Dr. Pierce's  
Golden Medical Discovery should be used  
in connection with the Catarrh Remedy.  
The following-named parties are among the  
thousands who have been cured of catarrh  
by the use of Dr. Sage's Catarrh Remedy:

- A. P. Downs, New Geneva, Pa.; D. J.  
Brown, St. Joseph, Mo.; E. C. Lewis, Rut-  
land, Vt.; Levi Springer, Nettie Lake, Ohio;
