

The Carbon Advocate.

H. V. MORTIMER, EDITOR

LEIGHTON, PA.: SATURDAY, JUNE 8, 1878.

The Russian remittance for American purchases of steamers and war material amount thus far to about \$2,500,000, and are made through Paris.

The resignation of Hon. A. H. Hill as State Senator for the Twenty-seventh District was received by the Lieutenant Governor Monday. The vacancy will be filled at the next general election.

The Wood Tariff bill was defeated Wednesday in the House by a vote ordering the enacting clause to be stricken out, the vote being 134 to 121. This ends tariff legislation for the present session.

The latest reports of the election in Oregon say it is conceded that the Legislature will be Democratic by from 4 to 12 majority on joint ballot. The Secretary of State, State Treasurer, and, probably, the Governor, will be Republican. Whitaker, Democrat, is elected to Congress. The Legislature being Democratic, will choose a Democratic, U. S. S.

During May the mercantile failures in New York city numbered 95, with \$25,483 assets and \$5,686,206 liabilities. This is about \$2,000,000 decreased liabilities compared with April, but there were 22 more failures. It is expected that when the repeal of the Bankrupt law goes into effect, September 1st, the failures will greatly decrease, as just now merchants are hurrying up so as to get the advantage of the expiring law.

The imports at Philadelphia during April amounted to \$2,147,275, of which over two-thirds were imported in American vessels. This is an increase of about \$40,000 over the same month last year. The chief countries sending us imports were \$619,000 from England, \$324,000 from Cuba, \$187,000 from the British West Indies and \$126,000 from Italy. The chief articles imported were \$1,082,000 of sugar and molasses, \$135,000 coffee, \$128,000 of tin plates, and \$113,000 of fruits.

The President has signed the bill prohibiting any further contraction of the legal tender circulation. This result had been anticipated by the Secretary of the Treasury, and he therefore cancelled no legal tender notes for the month of May, although the increase of national bank notes during the month called for the cancellation of upwards of \$1,000,000 legal tenders. The amount of legal tender left outstanding is, therefore, \$346,681,016, and all hope is abandoned of reducing the total to \$300,000,000.

By the monthly report of the public debt for May we learn that the debt was decreased during the month \$3,079,198.08. The total principle of the debt now outstanding is \$2,240,809,802.84, on which there is due and unpaid of interest \$31,355,417.87, giving a total of principle and interest of \$2,272,165,220.21. There was at the same time cash in the Treasury, of coin, \$189,708,021.16, of currency \$3,094,748.47, currency held for redemption of fractional currency, \$10,000,000, exclusive of \$35,705,000 of special deposits for redemption of certificates, making the total of cash in the Treasury \$228,507,737.57, reducing the debt, less cash in the Treasury on May 1, 1878, to \$2,036,707,648.72, debt less cash in the Treasury on June 1, 1878, \$2,033,637,450.64, showing a decrease during the past month of \$3,079,198.08. Decrease of debt since June 30, 1877, \$26,520,772.62.

A second attempt to assassinate the Emperor William of Germany, occurred at about two o'clock on Sunday afternoon last. The facts, as telegraphed, appear to be as follows: At that hour his majesty was driving down Unter den Linden towards the Thiergarten, when two shots were fired at him from a second story window of one of the houses. The Emperor was badly wounded in the shoulder and face by the first shot, about 30 small slugs entering his person. The carriage was immediately turned in the direction of the palace, and medical aid summoned, and a portion of the shot extracted, leaving the wounded monarch in a very prostrate condition. The would-be assassin is a socialist, or communist, and stoutly resisted arrest, but finding resistance unavailable, fired two balls into his own head. His name is Karl Edouard Nobeling, and a quantity of arms were found in his apartments. He used a double barreled gun in firing at the Emperor.

Our popular young friend, S. R. Gilliam, we learn will be a candidate on the republican side of the fence for the nomination for Register and Recorder.

P. J. Meehan's name is being very freely and favorably mentioned in connection with the democratic nominations for the Legislature. Bernard Phillips, the present gentlemanly incumbent of the Register and Recorder's office, will undoubtedly receive a renomination for that position by the democratic party.

The republican feeling at Mauch Chunk, as in other places, is strongly in favor of the renomination of our talented young townsman, Hon. W. M. Rapsher, for the Legislature.

The nomination of Dr. J. G. Zern, of Weisport, by the democrats, for the State Legislature, appears to be a settled fact. Right, the doctor is a sterling representative of the young democracy.

Kindness, if nothing stronger, should induce anyone to use Dr. Bull's Baby Syrup for the relief of the diseases of babyhood. Price 25 cents.

A Good Life Insurance Association.

Recently there was inaugurated in Allentown a life insurance company which has undertaken to do business on a purely mutual principle. To insure the success of a company of this character from the start, the first and most important requisite is that confidence should be secured, and this the Keystone Mutual Benefit Association has done by the selection of some of the best known business men for officers and directors, men in whom the public cannot fail to have confidence because of their life-long reputation for integrity and careful business habits.

The association has therefore met with wonderful success from the very start and over five hundred policies have been written during the past three months, which represent insurance to the amount of one million dollars. This is an average of over 150 policies per month since the first policy was issued, with an average monthly insurance of over \$300,000. We believe that no similar organization in the United States can make such a showing as this. The association is further strengthened by the excellent character of its risks, the good character and respectability of the insured, and in Allentown, where those who control the organization are best known, the leading professional business men have insured.

The plan on which the association does business is the cheapest, as well as the safest, known in life insurance, and is founded on the most careful calculations on the experience of a long term of years. It is said of this system by one of the foremost mathematicians of the country that "The uniform system was adopted, first, because of its simplicity and cheapness; second, because of its equality in that it makes the entire membership, and not a class, the basis of assessment, and thus distributes the burdens and benefits of all the members upon the principles of equality. We conclude, then, that an attentive consideration of the past years in life insurance will show this; that the system herewith presented is equitable, is safe, is cheap, is profitable to the policy holders and to the community at large."

Persons desiring to insure their lives should examine all the features of this association, which, upon investigation, will prove all that is claimed for them. The office of the company is located in the finest building in the city, in the room formerly occupied by the Empire Bank, where it has the advantages of a superior fire and burglar proof vault, and under its present energetic and careful management it is probably destined to assume a leading position among the life insurance organizations of the country.

Mr. Lewis Weiss is the agent for the above company for Leighton and vicinity.

Up Town Inklings.

Mr. Kutz, the Singer Sewing Machine agent, is out daily, and reports frequent sales of this popular machine.

Tilgh, Arner, at the upper end store, is receiving a fair share of the patronage of our citizens.

The new pavement put down in front of Mrs. Nimson's residence, adds much to the comfort and safety of pedestrians.

Thos. Weaver is still busy filling his contract for prop timber, giving employment to quite a number of men.

The shipping of bark at the L. & S. depot is still going on, keeping Ben. busy and merry.

Paints, oils, and varnishes very low at Luckenbark's, Mauch Chunk. Mixed paint all shades, to order.
