**Are Greenbackers Honest.**  
A few weeks ago, Jonathan C. Fincher, of East Mauch Chunk, member of the Legislature, and factotum of the Greenback party in this county, called at this office for an estimate for the publication of a Greenback organ in Carbon county. We gave him the figures for which we were willing to furnish the paper weekly for six months, viz: from the first Tuesday in July till the last Tuesday of December. He expressed himself highly satisfied with the price named, indeed wondered how we could do it for so low a figure. He left us promising to give a decided answer to the agreement in a few days, which part of the bargain he faithfully kept, and had he done so with the rest of the bargain there would have been no call for this article. Here is the letter we got from him accepting the terms and authorizing us to proceed with the work:

EAST MAUCH CHUNK, June 17, 1878.  
MR. H. V. MORTHIMER,  
DEAR SIR.—Expecting to see you yesterday, I neglected dropping you a line, hence do so now.  
I desire to get out the first number of the paper by Tuesday, July 23, and then I will skip a week, and the regular issues commence on Thursday, 18th following. That will give me a chance to get my clubs, advertising and collections in fair shape. Of the first issue I will require 1000 copies, and will settle the bill on Saturday of each week of issue. I last night had a club of over a score put their names to an agreement, that if I was short at any time for my weekly payments they are to supply the deficiency. They formed a fund for that purpose, and elected a Treasurer, so that I am sure of backing if it is required.  
Now how soon do you require copy to get out the first No. by the 2nd or 3rd of July. I will want a few printed blanks for subscriptions, of which I will send you copy in a day or two. Respectfully yours,  
J. C. FINCHER.

Upon receipt of the foregoing letter, we went to Philadelphia and purchased the extra material we needed to get out the Greenbacker, as per contract, and on the 24 day of July delivered 1000 copies of the paper, thus fulfilling our part of the contract to the letter. On the following Saturday we of course, expected to get our pay, but no, that was their side of the bargain, and being friends and supporters of the rights of labor, they concluded that labor could wait: but on the following Saturday, they paid us an instalment of \$26, being all they could raise, Fincher's club failing to pay in their levies, and on Tuesday, July 16th, we printed them the 2d number of the paper, thus giving them every chance to get up clubs and raise money, but the following Saturday came and went without a sign of pay for the work done. By this time we had set up and printed the outside of No. 3, but seeing that we were being stuck by these working men's friends, every week deeper and deeper, we determined to sacrifice what we were already in for, rather than run further risk with such a class of political dodgers and tricksters. On the following Monday, the hon. gentleman who edited the paper put in an appearance, and desired to know what copy was required, when he was informed that we needed Greenbacks before we wanted more Greenbacker copy. When, after some conversation, it was decided that the paper should stand over until after the Convention on the following Friday, and that issue make its appearance on Saturday; that he would at that convention raise the money and pay us for the work done. In that Convention, he informed us, that the immense sum of two dollars was collected! On Saturday he put in an appearance about half-past four o'clock in the afternoon with \$20 more, when we ran off

No. 3, and the last edition of the Greenbacker printed at this office. Fincher said the County Committee would meet the following week, when he would make arrangements for the amount of our bill, and a sure thing for the prompt payment thereafter, or stop the paper. The Committee or some of them met, and this is Fincher's card to us!

EAST MAUCH CHUNK, Aug. 2d, 1878.  
DEAR SIR.—Committee arranged for payment of bill, soon as first assessment collected. No provision for future—distribute standing matter.  
I am out for a job, ink blinging or file driving.  
Respectfully,  
J. C. FINCHER.

Since that time we have received \$20 from the County Committee Treasurer, Thos. Carr, of Mauch Chunk. There is yet a balance due us of \$25.00, which if paid will about make us even for the amount we paid out for labor and paper on the Greenbacker, leaving us minus about \$100 invested in the purchase of additional material (and for which we have no use) to get out the paper. We have sent and called for this \$25 several times, and they say we will get it sometime, but they are poor; yet they could take our money, (rightfully due us,) and pay for a bastard sheet printed partly in New York City and partly in Monroe county. This is the treatment these great lovers of the working man has dealt out to us—we claim to be a workingman—and from this, their first effort of financing, we would ask our fellow working men what they expect to gain should these political mountebanks succeed in being elected to office? Just nothing at all—their only effort would be to become "bloated bondholders," whom they now effect to despise; if elected they would undoubtedly, as Kearney says, "legislate for themselves," and their dupes, the workingmen, might go to Hell—certainly or anywhere else for all they would care. Workingmen, beware of them, and leave them severely alone!

—Speaking of Dennis Kearney as an orator, the New York Sun, sums him up as follows: "When a man unbridles his tongue and gives vent to unmeasured denunciation and abuse, he is liable to suddenly acquire a reputation for talent, merely because his style of oratory is novel and startling. There is reason to believe such has been the case with Mr. Dennis Kearney. His violent language could hardly fall to arrest the attention of the public. But when we look for ideas in his speeches, they are not to be found. He talks in vague and general terms, and unintelligently, about evils for which he proposes no definite remedy. He raves. People may continue, for a little while, to flock to hear Mr. Kearney. He may draw great crowds if he comes to this city. Still, we think there must be a general feeling of disappointment in him. He simply proposes to tear down without any project of rebuilding better. He is a wild destructive. Those who have sincerely at heart the cause of the laboring man find it impossible to see how it is to be aided by the present efforts of Mr. Dennis Kearney."

—The Associated Press, on Saturday, says that Receiving Teller Underwood, of the Redemption Agency at Washington, furnishes the following in regard to the \$5 counterfeits on the First National Bank of Tamaqua, Pa., which shows how widely it is circulated and how easy it is even for bank tellers to be mistaken regarding the genuineness of a note. The first counterfeit was received at the Redemption Agency on the 22d of last September, since which over eighty have been received. This counterfeit has been received from thirty-six cities and towns and twenty-four States. Its detection is a matter of certainty, as so far not one has been seen with the correct charter number, which is 1219, and which is printed across the face of the note in large red figures. The counterfeiters in this case did not know the significance of the charter number, as 23 numbers have appeared on this note, and ten notes have been branded that have a higher number than 2500, whilst the highest number of any genuine bank note is 2301.

—At a meeting of the officers of the Grand Lodge of Odd Fellows of the United States, held in Baltimore, on Saturday, it was decided to hold the next session of the Grand Lodge on the third Monday of September next, in Baltimore, instead of Austin, Texas, as at first proposed. A proclamation announcing the change of place has been issued by the Grand Sire, J. W. Stokes. The reason for the change is the prevalence of yellow fever in the South.

—The Governor has appointed as commissioners to select a site for the Middle Peninsula: Henry Rawle, of Erie; Henry Howell, George J. Young and Chas. Thompson Jones, of Philadelphia; J. K. Moorhead and John Paul, of Pittsburgh; and William Nolan, of Reading.

**Points in Politics.**  
—Albany Evening Journal—Kearney writes to labor clubs that wherever he goes he wants the expenses of two men paid.  
—General Butler's latest electioneering document is an open letter on the national eight-hour law, which he "observed with pain" has been evaded and set at naught by the Executive Department of the government.

—Harrisburgh Patriot—Judge Mackey, of South Carolina, has come to the conclusion that conciliation has certainly been of some service to the negroes of the State. Upon investigation he finds that during the past year only one negro has been killed by white men, while seven white men have been killed by the negroes.

—National Republic—"Mr. Hewitt's repository of the vagaries of the discontented working-men of New York will cost the government a round little sum for the printing of the committee's report and other expenses, and then go down to history in the waste

baskets, junk shops and vats of paper mills, whose stock is made up from ra-a-a-gs and old paper.

—Chicago Times—Politics are noticing parlous this year. The national nominated the Rev. Gilbert De La Motte for Congress in the Indianaapolis district. In the Fifteenth Ohio the same party have called upon Rev. George W. Pepper to be their standard bearer. And in the Fourth Michigan district the democrats have unavailingly called upon the Rev. A. N. Eldred to lead them. All of these gentlemen are Methodists, and each is supposed to sympathize heartily with the oppressed workingmen.

—The greenbackers claim Colorado.  
—The republicans of Pittsburg are in a state of utter disorganization.  
—Thurman, Hendricks and Ewing are all booked for the democratic campaign in Pennsylvania.

—Postmaster General Key is now considering the propriety of becoming an independent and republican candidate for Governor of Tennessee.

—Boston Evening Traveller—"Kearney says he is coming back to Boston, but there is a suspicion that the power that sends him off will keep him away."

—A member of the Republican Congressional Committee writes to the editor of a Western paper that there will be certainly half a dozen straight republican Congressmen from the South.

—The Cincinnati Postmaster has joined the civil service band and refuses to subscribe to the campaign fund. His letter has been forwarded to the President.

**COMMITTEE ON RESOLUTIONS**  
Presented the following resolutions, which were adopted:  
Resolved, That we adopt and reaffirm the platform of principles laid down for the Democrats in the Pittsburgh Convention.  
Resolved, That we approve of the representative political actions of our member of Congress, Hon. H. D. Collins, the Hon. Charlton Burnett, our Senator, and our representative, the Hon. J. C. Kreamer.  
Resolved, That to the men and measures of the Radical party, the present industrial and financial distress of the country, the fraud in high places, and the wasteful and lavish expenditure of the public funds and resources, are justly attributable, and we call the attention of all good citizens to the time-honored principles of the Democratic party, its members and measures, as the only means of relieving the people and country from the almost universal ruin and bankruptcy pending over them.

WHEREAS, Newspapers are the private property of editors or proprietors, who conduct them for their own interest or benefit, and according to their own ideas of propriety; therefore  
Resolved, That the Democratic party of Carbon County is not and will not be responsible for the opinions, assertions, insinuations or attacks on private citizens which from time to time does or may appear in any paper or papers published in Carbon County, whether they purport to be published in the interest of the Democratic party, or not.

Mr. G. W. Esser presented the following resolution, which he desired to have embodied with the other resolutions:  
Resolved, That as Democrats, we are opposed to any fusion with or endorsement of any candidate nominated by any other party.  
The resolution was lost by a vote of 17 to 14, a number of those present not voting on the resolution.

**"Cough No More."**  
At last there has been an article found which is certain, safe and sure to do its work, and is within the reach of all as regards price, etc.; easily obtained, as every enterprising druggist in New York, Brooklyn, Jersey City, Hoboken, Newark, and in fact, all through the country, keeps it constantly on hand. Dr. Hale, a celebrated physician of Europe, used it a great many years in his private practice, to the entire satisfaction of himself and patients. C. N. Crittenton, dealer in Patent Medicines and Druggists' Fancy Goods, 7 Sixth avenue, New York City, believing that this market required just such an article, has purchased the same at a great outlay, and the public can rest assured that it will be prepared according to the Original Recipe. Ask for Hale's Honey of Horchound and Tar. Take no other. Sold by all druggists.
