-A. Oakey Hall, ex-Mayor of New Yorks has assumed the position of city editor of the New York World.

- Railroad stockholders will be interested in a decision just given by the Supreme Court of the United States. It is held that In the case of municipal aid to callwade the recital printed on bonds that the election required by law was duly held is sufficient in the hands of an innocent holder to estop the municipality from offering to show that that no such election took place.

-A severe earthquake was felt in Memphis at five minutes before 12 o'clock Monday night. The movement of the earthware was from north to south. The earthquake was also felt at Cairo and Little Rock. At Cairo "houses were distinctly felt to totter," and the shock was repeated slightly at ten minutes past five o'clock, Tuesday morning, when, "houses tottered from west-northwest to east-southeast," according to the report of the signal officer.

-" PROGRESS, a journal for men and women," by John W. Forney, has just made its appearance, and before we have had an opportunity to welcome it, and give an expression to our opinion, we find that Col. Forney has been compelled to issue a second edition of the first number, the regular edition of the first number having been quickly exhausted. We like it. It overflows with good things, and we may treat our readers occasionally to some of its cream, It promises to prove "a record of human progress." Every intelligent man of progress should have it. Progress is published every Saturday in room No. 2, Press Building, Seventh and Chestnut streets, Philadelphia, Pa. Subscription, five dollars a year in advance. Single copies 10 cents,

-Monday evening, at six o'clock Dennis Kearney, the great labor agitator from the San Francisco sand lots, turned his back upon Boston, shook the dust of the modern Athens from his boots and turued his face to the setting sun. He was accompanied by his wife, his youngest brother and two children. He purchased, two days previous, through tickets for the party from Boston to San Francisco, a sleeping berth for his wife and child, and second class seats for himself and his brother. He left the Hub unwept, unhonored and unsung, so far as politics are concerned. Two prime causes led to his sudden departure—the opposition expressed by the Democrats who tollow General Butler against his meddling in the municipal fight, and the sudden appearance of dissensions in the workingmen's party in San Francisco.

-Dr. R. V. Pierce, of Buffalo, N. Y., the proprietor of Dr. Pierce's Family Medicines, and also of the Invalids' and Tourists' Hotel, of that city, has recently been elected to Congress by the very flattering majority of nearly 3,000. He has already served his constituency as State Senator, and this renewed endorsement signifies that his services have been highly satisfactory. His extensive practice in the treatment of Chronic Diseases will not, we are informed, be neglected or saffer in the least, when the time arrives for him to take his seat in Congress, it being intrusted to his brother and other experienced medical gentlemen who have long been associated with the Poster in the Medical Department of h Dispensary and Invalids' Hotel. Besides, as the Forty-sixth Congress does not convene until December, 1879. Dr. Pierco's patients will not lose his personal attention for some months yet.

"Every Day Life."

Arising in the morning, almost the first thing to be thought of is marketing, or getting the necessaries of life; and should any one of the family be troubled with Coughs, folds, Influents, Hearseness, difficults breathing, or any affection of the throat, brouchful takes or lungs, leading to Cansumption, a supply of that household necessity, known and the country of that household necessity, known as CLARK'S

supply of that homechold necessity, known as Harr's Horry or Horrnorky and Tan. Which brings strength to the harmseed frame, weared and joiled by a leading cough, must next be obtained. Ask that fresh, bright, respectiveled girl, who but a few weeks area, was I ving helples on her bed, with a beetle flush about making its appearance on her cheeks; ask her wint resteroil her to her long night of bulmy sleep, renewed strength, and a final scattering of that cough that was dragging her down to her grave. Ask her what physician was so successful in her case, which seemed to belle medicine and to defy the many alluring and tempting morsels which anxious hands prepared for her to smooth her journey from this life. Ask her who was the benefactor, and her eyes, speaking volumes, will brighten, her ray fips will open, while the words warble from her mouth in tones of malour, "Hate's Honey of Horehound and Tar." Sold by all druggists at 50 cents and \$1 per bottle. Great saving by buying large size.

At the funeral of a Cincinnati man, who had been barely able to carn the necessities of life for his family there was a band of nausic, twenty carriages pall bearers wearing many yards of earpe, a profusion of flowers and a heavily plated cuslot. A rusty sign of washing and ironing was conspicious on the side of the dead man's busis.

It has been awarded medals at the great Experitions, from the first at Paris, in 1859, to the Communical at Philadelphia in 1856, to the Communit at Philadelphia in 1876. In this country Clark's O. N. T. Spool Catton is widely known in all sections for its Superior Execulence in Machine and Haml-Sawing. Their mills at Newark, N. J., and Paisley, Scotland, are the larger and most complete in the world. The entire process of manufacture is conducted under the most complete and careful supervision, and they claim for their American production at least an equal merit to that produced in Paisley mills. As

NO GRAND PRIZES were awarded at Paris for SPOOL Cotton

they are glad to announce to the American Public that they have been awarded a Gold Medal, being the highest award given for Six-Cord Speel Cotton.
