CAUGIFF AT LAST.

The noterious depredator Kate-Arrh, who has for so many years eluded the most accomplished and skillful detectives, has been caught at last in Buffalo, N. Y. For further particulars ask your druggist for a bottle of Dr. Sage's Catarrh Remedy, admitted to be the best remedy for catarrh yet compounded.

The Latest Invention in Vocful

Household Articles. Within the last few years there has been expended a great deal of inventive thought and genius upon what may properly be classed as household articles, the most noted results of which are the production of the sewing machine, the wringer, the washing

results of which are the production of the sawing machine, the wringer, the weahing machine, the carpet sweeper, &c. Almost every week we chronicle the advent of some new invention by which the cares and labors of housekeeping are lessened, and woman's work made easy.

The newest thing to challenge our attention and gladden the heart of the housekeeper, is, what is called the Novelty Brush holder, Carpet Stretcher and Sweeper, a very simple contrivance designed to firmly hold in position any kind of a brush or duster; having an extention handle that enables one to wash or dust windows, walls or celling without the aid of a step ladder. That is one of its conveniences, and it is also one of the best carpet sweepers in the market, holding the brush firmly at an angle. It cleans the carpet thoroughly, raises no dust, and it does not wear the carpet like the ordinary broom or brush, and will outwear a half dosen brooms. As a haudie for the scrubbing brush it is the best device ever made, no more kneeling on the floor, no more no more kneeling on the floor, no more back aches or sore fingers. As a carpet stretcher alone it is worth its cost, as a carpet of any size can be laid even-

ly without any of the labor and vexation usually attending such work. It is strong, simple, thoroughly made, cannot get out order, has no screws, lever or hinges, is compact, chesp, and durable.

It is manufactured by Brown & Co., Cincinnati, the well known manufacturers of useful household articles, and is sold only by their agents to housekeepers. The real utility of this article will at once be seen by those most interested, and we predict for it a large sale. Every housekeeper in the land will want one.

"I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article is made up of common valuable remedies known to all, and that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be withno equal for family use.
