### Franklin Neighborhood Pickings.

The sound of the moving machine and the scythe will soon be heard throughout the land.

-A law and order society is strongly advocated by the citizens of Weisport. Our neighbors, no doubt, will profit thereby.

-State and county politics are looming up on both sides. The greenback party having adjourned in the township "sine die," our friend gas-took-wild now don't know what he is.

-We note that the Evangelical Sunday school, Weisport, is in a flourishing condition. There were in attendance last Sabbath upwards of 200. Among the visitors present from Lehigh were Messrs. Lewis Weiss, Frank Clough, E. Komerer and others whose names we could not learn. The flourishing condition of this school is probably due to the advertisement that its superintendent received from P. P. Longstreet, Esq., in court a few weeks ago.

-Bickertville boasts of having some boys so exceedingly bright that their mothers have to look at them through smoked glass. We advise their parents, instead of covering up their faults, such as stealing iron, cherries, and fighting, to follow the beautiful custom that prevails in many parts of Europe, and plant a tree upon the backs of their bright and promising boys.

-We clip the following from Carbon Co. Democrat of last week: "A gentleman whose opinion we value, in conversation and report, takes exception to our last week's report of the trial of Acker, who was acquitted on a charge of stealing a paint brush, the report doing injustice to Mr. Weiss, who appeared as the prosecutor in the case. We are not that he acted under instruction from the officers of the L. C. and N. V. Co., and that the prosecution was a disagreeable necessity, to prevent the stealing and carrying away of articles of that kind by employees of the company, and it was not, therefore, as might be inferred on reading our report, a prosecution prompted by a disposition to trouble the court and incur expense to the county with mere petty cases." Occas.

-The method of excision to Ocean Grove, on the 18th inst., promises to be the excursion of the season from the "Switzerland" to the seaside.

-The young Republicans of this borough, headed by E. M. Mulhearn, Esq., will organize a Republican Club on Monday evening. It starts out under bright prospects, with fifty or more members enrolled. Its purpose is to purge the party of its present fossilized leaders and inaugurate a new era in party leadership in the county.

-J. C. Fincher has been here during the week, it is believed, prospecting his chances for "raising a breeze" along the lumbering Greenback lines in the approaching fall campaign.

-On Friday and Saturday evening of last week, a dramatic entertainment was given at the public school house in East Mith Chunk, for the benefit of the Lutheran and Reformed church. It was a decided success in every respect, and was managed by Mr. Charles Seigfried.

-The store which, for a long time, has been unoccupied, under the First National Bank is being very handsomely furnished and repaired, and will be stocked with groceries and dry goods, by Messrs. A. S. Hayes, formerly clerk at the Weighlock, and W. H. Koon, merchant, of Rockport. The firm will be Koons & Hayes.

-Mr. Joseph S. Fisher, Summit Hill, is studying law in the office of F. J. Meahan, Esq.

-Miss Anna Runkle, of the 2d Ward, appeared before Justice Frisbie on Monday morning, and swore out a warrant charging John Cortright, of East Mith Chunk, with formation and battery. The warrant was placed in the hands of Officer Walker who served it Monday night. Cortright was admitted to bail before Squire Beckhardt, for appearance at court.

-The closing exercises of the public schools took place in the Methodist church on Thursday evening. President A. W. Butler presided diplomatically on nine graduates.

-Tiffin College, Ohio, has conferred upon General Charles Albright the degree LL.D.

**Townsmanship Beware!**  
-The roads are in good driving order.

-Business of all kinds is picking up.

-The rain is a welcome visitor through these parts, and we wish a like visit often.

-Farmers in this neighborhood have planted large quantities of corn, considerable of which has made a good start and is looking finely.

-C. A. Buck, of Pine Run, dug a mass of new potatoes on Saturday of last week.

-Miss Mary A. Snyder, teacher of Millport, was at this place on a visit last Sunday.

-Lester Beck, of Danielsville, paid his brother, C. A. Buck, of this place, a flying visit Sunday.

-Some of the grain growers in this vicinity say that rust has appeared in several patches, and that a considerable quantity of grain is affected in the same way. There is serious apprehension for some of the crops.

-The rice fields were somewhat damaged by the recent storms.

-Some of our farmers commenced hay making last week.

-Fall men would do right, there would be little bad feeling engendered, and sociability and happiness would be the result.

-A large quantity of wood is being cut by J. Balliet, near Boltzville; he intends to make it into charcoal for use in his forge at Lizard Creek.

-Charles Gilder and wife, of Monroe county, passed through this valley last Sunday.

-It is stated that an effort will be made by the Pleasant Valley Cornet Band, to celebrate the Fourth of July, near that place. Go ahead with the celebration.

-The hay crop will not be as large this year, as was expected in this vicinity.

-Nearly all the people around here have planted yellow corn this season, or, at least, it looks yellow when it comes up.

-A dance will be held, on the Fourth of July, at Trachville. Mascary.

**School Board News.**  
The Borough School Board held a special meeting on Monday evening, a full representation being present. A resolution was adopted that all persons paying the school tax, for the ensuing year, within ninety days, from July 1st, shall be entitled to a discount of five per cent, the amount being the same as last year - 20c. Another resolution, notifying tax-collector Kosterka to collect the balance due on last year's duplicate at once and place it in the hands of the treasurer, was also passed. The next school term was fixed to continue for a period of six months. Mr. E. H. Snyder resigned the position of treasurer of the Board, and Mr. Daniel Oviweh was elected to fill the vacancy. The object of the Board in fixing a short school year is that the expenses be reduced, and as much as possible be made up by the sale of the school property. The music between our two and three productions was furnished by Mr. D. Notshalm, and his associates, the music for the occasion was excellent and is justly due to the labor of Mr. Notshalm. After the exercises were over Prof. Weber made a few remarks, dwelling mostly on the benefits and advantages of a higher education, and he thought the time was not far distant when the school would be in the place of this little school house and small number of students a lofty institution, with hundreds of students, that Makingham valley could be proud of. The fall term will open July 29th, 1919.

-The closing exercises of the public schools took place in the Methodist church on Thursday evening. President A. W. Butler presided diplomatically on nine graduates.

-Tiffin College, Ohio, has conferred upon General Charles Albright the degree LL.D.

### From the County Seat.

The excursion season is now fully open, and the "Switzerland" is arrayed in all its glory.

Col. Wilbert has put the Mansion in a condition fully commensurate with the large patronage which he expects and which his looks show he is now even realizing.

All most every arriving train brings some summer travelers. The Quaker excursion from Philadelphia, on Thursday, numbered about 500; the Massachusetts Editorial Association, on Friday, between 50 and 100, and the latter were exclusively guests of the Mansion House. On the 13th of July, two gentlemen connected with the N. Y. and L. B. Railroad, will bring an excursion here from Monmouth county, N. J., while numerous small parties are booked to arrive within the next two weeks.

### Weisport Items.

The Fort Allen Foundry discharged five mounds on account of the frames mentioned in our item last week. Work was somewhat delayed thereby, but Mr. Win. Miner has now secured other men to fill the vacancies.

He says that he is fully determined to employ at the foundry only industrious and upright men, and shall, in the future make it a rule, that men who do not do better than employed any longer than he can get good men to take their places.

-Mr. Amos Marsh is very complimentary to S. R. Gilham, Esq., who he employed last Friday to take the case brought before Justice Beck against the two men who attempted to evade the payment of a hotel bill. The men pled in bad payment of the debt against the collection of a liquor bill and Mr. Marsh had become much discouraged at the aspect of affairs. But when the final result was had, Mr. Gilham sailed over that dreaded rock with flying colors, getting judgment for the full amount claimed with costs.

-A postal card from William Herbert, one of the victims of the fastidist fight on Thursday night last week, wrote to a friend at the Fort Allen Foundry, saying that he is disabled from work, and is an object of charity in Philadelphia. He asks to be re-installed in the position at the foundry which he so foolishly threw away.

-In going from Lehighton to Weisport, Friday of last week, a party of the railroad bridge, and while walking on the trestle which leads to the Emery Wheel works, constant Levan, of Franklin, made a misstep and fell through the trestle. In the descent, he struck his forehead against a tie, inflicting injuries for which the services of Dr. Zern had to be called. He is, however, able to attend to his business again.

-Pobo Poo Tribe, Imp. O. R. M.'s parade and picnic on the Fourth promises to be a glorious affair. A number of neighboring scribes have been invited, and have accepted an invitation to be present. The parade, which is to be held on the 4th, will, however, no doubt call up the old time, when the near-like Monseys made things lively of the Lehigh.

-The furniture of the defunct lodge, D
