Prof. Gardner—Another Lecture. The lecture on "The Science of the Bible," by Prof. Gardner, of Connecticut, at the Presbyterian church, on Sunday evening, was a memorable event to the lecture-going people of our borough. The professor is a model orator, and combines with that qualification sound and practical views on the subject he handles, which at once reaches the mind and heart of his audience. He is a visionary practical adventurer on the temperance question, but grapples with the temporal and moral aspects of intemperance and aims to build a wall of strength against it in the hearts of the victims to its influence. The Presbyterian church is one of the largest in Lehigh Valley, yet a number were unable to obtain even standing room inside the church on Sunday evening. The unanimous verdict is the lecture was brilliant, and most instructive.

There are a "shaker's shop" more or less of youngsters in this borough, many of them being the sons of respectable parents, who, in the role of "street-corner Arab," are the source of almost daily complaints from citizens or from visitors to Weisport. Specific complaint is made that while F. L. Baker, accompanied by some ladies of Lehigh Valley, was driving through Weisport, last week, these young ruffians made a noise on the team, used obscene and abusive language to the ladies, and fired a volley of stones at the driver. The parents of these claps would do well to read the Grand Jury's Presentment, published in the Advocate last week, and take advantage of the old "ditch in time" maxim.

Mahoning Twinkings. Efforts were beginning to lay in their supply of winter coal.

There are no tramps viable in this vicinity.

When a young farmer's wife made her boy's first bath, and made them precisely the same before as behind, the father exclaimed: "Goodness! he won't know whether he is going to school or coming home."

Dr. H. H. Hengler and Miss Jane L. Balliet, of Tamaqua, paid us a visit last Sunday.

The question to be discussed in the literary society at Centre Square to-night (Saturday) is: "Resolved, that intoxicating liquors should be abolished."

The affirmative is J. M. Kuder and E. S. Hopper, and the negative Nathan Balliet and Frank Klingman.

Beaver Meadow Items. We clip the following items from the Mountain Democrat's correspondence from Beaver Meadow, of the 20th:

They were the happy couple went for a short trip to Mauch Chunk a good time, and they and their friends had a good time.

A man by the name of Gallagher was drowned at Mifflintown on Saturday night. Gallagher had been arrested for beating a boy in Slacksville (Beaver Brook) and was taken to Wilkesbarre, and while returning fell into a well and was drowned.

Beaver Brook colliery No. 1, has been idle for several days. The rope broke on Wednesday and the timber at the mouth of the slope were completely shattered, so that operations were suspended for that day. A day or two afterwards the rope broke again, forcing them to remain idle a few more days.

Saturday was pay day at Andertown and people were happy. Mr. Leisenring says it was the largest pay ever given out of that office. The reason is self evident—the men are determined to die in Harlequin and thus save 15 or 20 per cent.

The rain that fell on Saturday night was most needed, especially in Frenchtown. The people there were compelled to go to Jeannette for their water. Even Agard, of the Mauch Chunk and Carbon County Democrat and Gazette, to this? And what says Gratton?

The Rev. Mr. Barrows, of Philadelphia, supplied the Presbyterian pulpit here last Sabbath, preaching, morning and evening, two good sermons. The church has been without a pastor for nearly two years.

Our public schools are doing a good work. Upwards of 450 pupils and seven teachers.

Mr. H. S. Binker disposed of a car load of potatoes last week and another present week, at 30 cents a bushel. H. S. has never associated Mr. W. A. Dewitt, with him in business.

About one hundred daily papers circulate in this borough, which is certainly a good showing for a population of less than two thousand.

They call us Jesuitry! Well, the fellows on the other side of the creek will have to spend themselves or Jersey's son out on the old Keystone portion of our town.

The monthly children's meetings held by Pastor Collins in the M. E. church are quite interesting.

The truth of what we say in reference to a water supply was fully emphasized by the burning of Nod McCannery's residence in the western part of the town on Wednesday of this week. Set on fire by a two-year old child, playing with matches, and the destruction was so complete, that the afflicted family lost their baggage, furniture and all else—including 40 bushels of potatoes, stored in the cellar only a few days before. No insurance.

Presiding Elder Evans preached a very excellent sermon in the M. E. church, last Sunday morning on the advantages of "Christian Discipline." The Elder is a very agreeable and forcible speaker.

Teachers' Institute last week—all members present except Miss Dinkley, who was ill. We learn that the organization now numbers twenty members, Messrs. Keiser and Kitching, and Misses Brinley, Berra, Fane, Bryant and Muselman being the elected members at the last meeting. Next meeting Nov. 1st.

A protracted meeting has been in progress at the Evangelical chapel in North Weisport during the week.

Messrs. Frank L. Baker and Steff Great paid a visit, on Monday, to the public schools of this borough, and each made a short but timely address to the scholars, which was duly appreciated.

Mr. Reuben Zimmerman has opened a wheelright shop in Mr. Hiram Bickert's building.

Mr. Henry Berlin, of Berlinville, has resumed work in his shop in East Weisport.

Mauch Chunk Notes. Gave to Mr. H. B. Hoppers, Messrs. John Taylor, John Redman, and Lafayette Lantz started on Thursday morning for Slatington, where they met Robert A. Sayre, Esq., and a party from Bethlehem, who, in a special car, started for a trip to Denver, Col.

The party proposed to spend two or three weeks on the plains shooting buffaloes and sporting recreation in general. As they go to "smell" a goodly number of buffaloes, the friends of our Mauch Chunk party are already wishing up an appetite for a buffalo-bake. Many the party shoot and kill a great number of buffaloes, and reach their homes with their own scalps intact. In view of the Indian outbreak in the West, we have at least one assurance for the safety of our friends—some of them are bald.

Shall and Barney Mansfield, prominent politicians of Monroe county, proposed to have a visit here during the week. They say that Democrats were never more rampant in Monroe than at present or more determined to win a victory for the party. Their opinion is that Daniel O. Barr will make almost a clean sweep in their county.

The Democratic meeting in Summit Hill on Saturday night, notwithstanding the unfavorable state of the weather, was a decided success. Telling speeches were made by E. H. Hensch, S. Motter, G. W. Eiser, Dr. Baumgilt, John Kluge, and Dr. C. W. Leitz. It was not a mass meeting, but a very largely attended meeting of the Democratic Club. The word from the Summit is that the Democrats have learned that "higher politics" do not pay in this end, at that place, will poll a solid party vote for Krege and Eiser.

Speaking of hunting parties; but nothing this season compares with a party that organized last night of Mauch Chunk mountain on Saturday.

The party consisted of four gentlemen, from Summit Hill, Hackleberry, and Mauch Chunk. The singular fact is that each of the four sportsmen is named, either in body or limb, one had but one arm to handle his fowling piece with, and another has to use a pair of crutches. They had a good time, but did not capture much game.

The Common Pleas cases before the Court this week have attracted more than usual interest. Some of the cases occupied considerable time, and necessitated one evening session.

There are six prisoners in the county jail at present, two of whom are females.

The Commissioners held their regular meeting this week, ordered a number of bills paid, and heard reports from those who have charge of the repairs on the county buildings and bridges. The bridge at Parryville has just been completed, and gives great satisfaction. The Court, now in session, has adjourned to the 11th inst.

The candidates of the respective parties are now all settled down to hard campaign work, recognizing the short time they have between now and the 4th of November, to get their names on the ballot.

The Republican candidates find their work unusually arduous, in view of the fact that the party organs, without nominal publisher or editor, have little or no influence, while such movements in political matters is certain to engender a suspicion that there is a "rat in the meat"; and as voters have had quite a surfeit of "rat-in-the-meat" politics, they are inclined to give this one a wide berth.

The prominent Democratic speakers will attend Democratic meetings to be held this Saturday evening at Wister's hotel, and on Tuesday evening at Coleraine.

Big Creek Items. The woods are now in their autumnal glory.

The most welcome breakfast-belle is a pumpkin.

The long winter nights will soon be upon us.

The leaves are falling, and the migratory birds are leaving us.

Potatoes have begun to rot very badly for some of our farmers.

What a way to treat the man of credit is to take no note of him.

What does a wise man weigh?—His word.

Mr. Lewis Kenner has been serving as juror at Mauch Chunk this week.

The recent rains have haled with delight, for besides laying the dust, they will greatly help wheat and rye.

John Roberts, of Slatington, was at this place on a visit last Sunday, and in the afternoon visited our Sabbath schools and addressed the children.

The new road in Townshenning township, leading from Reuben Stroth's to Wild Creek, is now open for travel.

A moving from Monroe county passed through here Tuesday, going towards your borough.

James I. Blodgett, of Penn Haven, was here on business last Tuesday.

Lewis Deppie moved from Walkeville to East Weisport Tuesday.

The wife of Mr. Dennis Zehner has been very sick for some days past, and at this writing, Thursday morning, is in a very critical condition.

At this time services held in the church at Pine Run this Saturday evening, by Rev. E. Buz.
