MANAGERS:

have been destroyed, and \$6,000 persons ren.

dered destitute. The actual perimitry lost is still undetermined, but it is not so great as it

would be in wratern countries owing to the charp construction of most of the houses. The number, however, is uncertain, many persons in the rapid progress of the flames having been

wettoken and dostroyed. In several instances

mirceognizable boilds and fragments thereof were found among the ruins, and many died from exposure to the cold, the night succeeding

the fire being exceptionally severe. As hap-

destroyed, including several missionary estab

lishments, one church, and the office of the for-

cien newsdager, the Tokio Fines. The United StatesLegation was in danger but fortunately

escaped unharmed. Extraordinary measure

of relief have seen instituted by the Govern

fient authorities and private individu is. There is a strong cry for imperative solion by the

Government to prevent future crowding togeth

at so clock this morning. There is little hope that my of those in the pit at the time of the mannity, estimated at from 7 to 100 persons, will be mixed. Search for them is delayed by

damage to the shaft. The explosion is attribut

on to the gaseous nature of the coal seem. Sr. M.-The latest accounts from the scene of the colliery explosion at Newcastle under Type

have already been brought up, a majority of

them being so disfigured as to be unrycogniz abin. The few who were resented alive are dy

ing rapidly. The score at the month of the pit is most beartrending. One of the recovered

corpors has lost part of the head. Some of the

others were barned to cunters, while some ap

of volunteers are descencing frequently. The

occurred is known as the Fair Lody pit, and t-

the same in which six mon were killed last as

tumn. The coal belongs to the Banbury of fory seam, in which all of the great SL flore

shire explosions have occurred. A fire ha

been raging in the jut with great vollence since the disaster, hindering the efforts of the ex-plorers and precluding all hopes of any of the

victims being rescued allvo A later difficate.

says that the fire is being subdued and infra-

quantities of debris have been removed, enal

ing the explorers to proceed more rapidly. Th

latest report places the lotal number of deaths

at seventy. Another explosion is featest. Five more bodies have been recovered from the mine, and twenty others have been found to the

pit. They will be brought up to night. Venti-lation has been restored.
