Beginning at the end, the last word means it uses only the purest drugs, the text word means they are accurately compounded, and the first word, (strength) means that his C. & C. Cordial is not altered, but contains all of a quantity of medicine necessary to produce a certain cure in all conditions resulting from a cold. For sale by all druggists at 50 cents per bottle. For Male and Female to Read Carefully.

Mr. John H. Halman, M. D., of Birdsboro, Berks county, Penna., held certificates for 3 years, at age when joining 60 years, for the maximum sum of \$2000, in the New Era Life Association of 1876, of Philadelphia. The said John H. Halman, M. D., died Sept. 26, 1879, and his heirs, furnishing satisfactory proof of death to the New Era Life Association, on Oct. 15, 1879, and the New Era paid his heirs on the 15th day of Jan., 1880, \$2000 for which Mr. John H. Halman paid into the New Era Life Association in the three years \$70.88. John B. Halman held a membership in the Home Mutual, of Lebanon, for \$1000, which cost in two years, \$62.63, which date has been paid. Mr. John H. Halman was a member of the U. B. Mutual Aid Society of Lebanon, for \$1000, which cost him in two years \$60 and \$70. This shows the New Era the cheapest company, for it cost him in three years, for \$2000, as it did in the other two companies, for \$1000 each. A word to heads of families: just think, had Mr. Halman done less a great many of you do, he could not have left his family the \$2000 which the New Era paid them. Now, every man can secure a policy of \$1000 and then his family is protected, and if your death comes suddenly and your family should not be prepared to meet the expenses which occur at that time, the New
