Society its medal and a handsome testimonial explanatory of the circumstances under which she bravely entitled hereelf to receive that medal. She is the daughter of a gentleman living at Blackhall, Avonwick, Ivybridge, Devonshire, and she saved the life of her governess, Miss Bradshaw, who; when returning from Sunday school on the 30th of November last, with the youthful heroine and her youngest sister, turned giddy and fell into a pond six feet deep with water. Despatching her youngest sister to the keeper's lodge, Miss Cornish-Bows den bent over the pool, trying to lay hold of her drowing governess. This she did, but bin the effort she overbalanced herself, fall into the pond and sank. Nover losing her presence of mind, she retained her grip of the governess, and when she rose to the surface she still held her by the right hand; while with the left she caught hold of some short bushes. In this position they remained for about five minutes, the child calling for help. Eventually a passing workman heard the cries and assisted Mine Bradshaw and the child out of the water. The former was much exhausted and partially insensible, but her brave little rescuer appeared quite unconcerned.
