the State of Pennsylvania, we, the ministers of the the Wyoming Conference, residing in the State, price the Board of Parsions, the Judge of the court, and the Governor of the State, that the persons lately convicted of bribery and corruption be brought to specify punishment, and that their great crime be not condoned, and that the Board of Pardons, the Judge of the court, and the Governor be notified of the action of this Conference.

-A serious disaster occurred Wednesday night at the Madison Square Garden, in New York city, where a fair for the benefit of the Hubnemann Hospital was in proroof tumbled in with a crash. That porden Hegeman, a prominent member of the ning Mrs. Hayes was a guest. United States Ship Insurance Company, William H. Fileston had a leg broken, and ble recovery is doubtful. Miss Josie Streeter, of West Thirty-second street was serious were killed. The damage to the building is estimated all the way from \$25,000 to \$40,000. The pictures, all lent, were insured for \$150,000, but it is believe I the in-

surance was against fire alone.

THE DIAPHOTE. -In sulfillment of a promise recently made our readers to give them a more dews: The instrument consists of a receivproducing speculum. The receiving mirror nound of selenium and chromium. The wires are numerous, as it is necessary to distinctness that a wire should not be reducted to affect but a very small space. The instrument also has a mirror six inches by four, composed of seventy-two small plates to each of which a wire was attached, the whole being wrapped by a fine insulated covering. Those wires run to a common galvanic battery and thus connect with the reproducing plate. When the circuit is consequently and the reduction of the result is consequently and thus connect with the reproducing plate. When the circuit is consequently and the reduction of the result is consequently and the reduction of the result is consequently and thus connect with the reproducing plate. When the circuit is consequently and the reduction of the result is consequently and the result is consequently and the reduction of the result is consequently and the result of the result is consequently and the result of the result of the result is consequently and the result of the result of the result is consequently and the re ciosed, the rays of light are conducted lar changes in the reproducing speculum. The invention is looked upon as one of the most wonderful of the present day.

Thesday in Syracuse. In the regular convention there was considerable wrangling during the afternoon, and it was not until evening that a permanent organization was effected, with John C. Jacobs, of King's county, as Chairman. A resolution was agreed to in favor of the two-thirds rule in the National Convention. The Committee on Resolutions are the process, successfully, proceed as in the bichroniate on Resolutions presented a report, which some system can be adopted. my address to the Democracy of the State and gratefully received by the Congressmen -The aminent English arientist, Dr.

Tilden, and concluding with resolutions other departments. declaring that "his nomination to the Presidency would be fatal to the Demo-

eratic party." A resolution was adopted n favor of the two-thirds rule at Cincinnati and, after chocwing Electors and delegates at large, the Convention adjourned. Amusa of business generally and the Kellogg case delegates at large: Augustus Schell and Erastus Corning are the Electors at large.

-In the Superior Court at San Francisco on Saturday, Judge Freeland rendered a deeision on Dennis Kearney's appeal, confirm--The Democratic State Conventions of Judge ordered a remittitur, which would send Texas and Vermont, were held on Wednes- | Rearney to the House of Correction, but the day, and resolutions adopted favoring the agitator was not present in Court, and it was nomination of Gen. W. S. Hancock for rumored he had absented himself from the city. In the police court, on Monday, the Prosecuting Attorney asked for the commitment of Dennis Kearney. Soon afterward the United States during March last were Kearney appeared with his counsel, and valued at \$19,074,719, against \$14,293,000 asked for delay to make application to the Surreme Court for a writ of habeas corpus, nibe mouths ending Murch 31st last were This was refused, and, a committment being made out, he was removed to the House of Correction, where after being shaved and clothed in a convict garb, he was placed in a cell. As he was leaving the Court, Kearney seked the Judge whether the commitment contained any reference to the provision of the new Constitution fixing eight Correction would see that the prisoner "had market had been set up in the Capital buildsufficient work to do, and not too much."

#### SOMETHING OF A FISH STORY.

TOLD BY A RESIDENT OF MILPORD WELL BER-PISES ANGLING FOR LITTLE BRIDGE TROUT .-'Now you kin all talk about trout fishin' to be put over, though a majority of the but give me sucker marin' fur ginuwine Democrats were disposed to call a vote as soon as it could be reached. In my opinion sport. Next to bobbin' fur cels ther ala't. no kind o' fishin' that kin tetch one side of it. It leaves trout fishin' so fur in the tear that if the season lasted from Janiwary

A Pittsburg dispatch states that Char H. Poulson, Democratic State Senator in of it, it leaves trout fishin' so fur in the year that if the season lasted from Janiwary able prevalence of stock gambling among Janiwary it couldn't never ketch up."

members of Congress and the large sums That is Arch. Brink's opinion of what is made and lost by them during the winter e thing in angling. He is authority on the branches of the sport mentioned by him the boom in stocks it was stated that a "tick d'any one in Pike county is. He fortifies er" communicating with the New York his belief by fond recollections of the fusinstions of snare and bob.

"But ther ain't no suckers nor no cels to Const "bulls" and "bears." It is known what they usty be," he mys "Lord! the nekers I hey snared in that Sawkill Creek! You couldn't get 'em in a circus tent,I don't b'lieve. And if I hed all the wire I've used fur mares I think I could string a telegraph wire from here to the Water Gap. When you do git a sucker now, he don't weigh more'n half a pound, and when you do git one he'll look at you kind o' sorryful as if he knowed he want the size he orto be. The biggest one I ever ketched weighed seven pound three ounces, if I remembe right. It mought a' ben three pound seven ounces, though, come to think on it. It was as big as a small baby, anyhow, and it I could a dried its mouth and kep the shape of it, it would a made the properest kind of a vinegar funnel I had holt of one more'n three times as big as that un,though oncet. It was in the bend o' the creek over gone er zy over the loss of \$1,500. by Tommy Newman's barn. I was settin' on the rocks one day, with a good copper Secretary Schurz is giving Indian affairs wire snare, watchin' a lot o' suckers that was layin' low in there. Pooty soon along come a fish that searet me. I thought first he was a sturgeon, but soon see that he was succession. No less than five delegations at a sucker, and that ther was so much of him that he must have commenced growin' when the creek did. If I ain't no ways out o' my head, I thinks to myself, I'd like to mke a small bet that a piece o' that feller 'il be a takin' the small o' pickled pork out esented here are the Utes, Poncas, Chippe

o' my fryin' pan to night."

"As tuck had it, he came a wigglin' his

self over to the edge o' the rocks, right unmore attention than any of the others, not der where I was. He looked like a water soakexcepting Ouray himself. Their dress is ed log, and when he stuck his snoot out to nore fantastic and they appear more like focage far grub, it put me in mind of a dinthe ideal Indian than any we have had here ner horn. My snare could be made into a recently. At the Indian Bureau they recircle half a foot through, and fur a minute the politicians or to attend fashiomble so- ed with officials and other visitors, and they I was durn skittish 'bout its goin' over the sucker's head, but they wan't no time to sucker's head, but they wan't no time to spare, and I had to risk it. I flopped on my stornick, and let the wire down into the water. If that sucker hadn't ben as stubsuckers, that sucker hadn't ben as stubsuckers. were pronounced the finest specimens of the born as he was big, I'd never got the man on him. I slipped it over his snout, and on down over his bead till is got where his ears would a ben if he'd hed any, and there it teched him. Now the ordinar snare tightened plumb around his throat, dles, and when cateness was distributed among fish, snekers was a little late a gittin ter's office, Treasury Department, Mr. Methere, and their share was slim. But this old fellow showed me a few things I didn't know about suckers, and the first thing ! knowed I was goin' off o' them rocks as i soft soap had been spilt on 'em, and the next thing I was a sousin' in the brook and twist the fun that the sucker made and the uss that I made, you couldn't a told whether I hed ketched the sucker or the sucker hed ketched me. I kept hold on the wire though, and soor as I got my plumb beyon to wade fur shore. But the fryin' of that sucker neyer smoked up my kitchen. 1 think he knowed what was up, and thought he'd rather commit suicide. So he give one rippin' plunge, and the wire cut his bend square off. The head popped up to the top the water, and come up so suddent and learning, and counterparts of all who have Euphrates, scientists and explorers are of home. Then I see the sucker, without any Juels, Aspas, us, Ivans, Benedict Arnolds, gion the long lost seat of empire of the an-old boy hisself was after it, and it was soon er's head; but we bried that one, and made us a family dinner, and what was
