feed and brush her night and morning, take care of the stable, and he is allowed excess of the milk she gives over twelve its a day. He prepares a mess for her sa day. He propers a mess or her feed, which is given by one of the boys head when he comes home to lunch, ow is a grade, probably three-fourths y and one fourth common blood. Her is rich, yields abundant cream, and, as ralued far above seven cents a quart, and the saving in its place—the baby's mouth. the nore than that amount in the saving putter in cooking, making cake, puddings.

So it is a very low estimate to call the ole milk worth seven cents a quart. No scould deprive our business friend or his nily of their good, home produced milk, of their good, home produced milk, teost ten or twelve cents a quart. An active account is kept of the feed; the man charge orders at the feed store anything form, or asthma, go at once and buy a bottle of the cover and it is all mit down.

60 qts. best milk, (12 qts. per day), . . . \$84,00

, to put it another way, the 600 quarts actually brought in \$42 cash, and the e 600 quarts used at home cost \$3 45. cow cost, say \$55. The entire care, the was not paid in the surplus of milk

the above liberal allowance of \$47.45 for sed and care 100 days, amounts to \$173.19 year. Adding the loss of \$89 for purchasing two fresh cows, makes the total annual pense \$223.17. This would make the total pluy 1, 1880. Wound, secidental in gary or disease entitles to pension. Bounty and back pay collected. Increase of Pension secured. This firm established in 1866. U.S. Claim Attorneys, 711 G Street, Washington, D. C.

Some people put stockings on their beas to keep them from scratching, but a better plan is to "shoo" them.

There are 1,487 licensed places where

, thus saving \$52.00 a year. Taking the unitry as a, whole, probably \$50 will ordi-arily buyes cow that will, on fair feed, avage 10 to 12 quarts per day for the first six on the after calving. it, and abould, each keep a cow. Good lilk is the best of all food for young chilren, and it goes a great ways in saving butre bills, and in the preparation of palatable
ourishing food of many varieties. The
bove actual results show the economy of ping one's own cow. Two to five fami-t, according to size and numbers, can dily unite in having one cow kept, di-ling the milk and expenses, and thus almys have good, pure, rich milk at very soderate cost. The suitable refuse from the lichens of three or four families would go good way towards reducing the cost of wrehased food. In rural villages summer

We have no doubt that all residents of ilages, remainfacturing towns, etc., can, by rangements like the above, secure an undant airpidy of pure, rich, fresh, health in three cents per quart, and at the same time and greatly to their time comforts, and save the health if not be lives of their little ones.

ACROSTIC. Would'st thou my friend good health enjoy
Each day and hour your time employ
Secure repose from sickness, ills,
This thou can'st do—take Liver Pills;
& dost thou enfor from disease,
Caused by experience, diet? these,
Or other ills, whate'er their name,
Submit at good and leave the frame. Or other ills, whate'er their name,
Submit at once, and leave the frame,
Like shadows darling o'er the hills,
In terror flee from Liver Pills.
Vice-like although they've clung for years,
Encouraged be, nor yield to fears,
Repose in quiet, health's bright rills
Persue the pathway of these Pills.
In childhood, youth, and in old age,
Let cheerful thoughts thy mind engage.
Let others suffer—fevers, chills,
Sure thou art free with Liver Pills.

Sure thou art free with Liver Pills. -Handkerchiefs with fancy borders are -If a ship arrives in port a second late
