market, that the trade will protestly take counsel from the past, and see to it that the trade of 1881 is as carefully protected in this regard as was that of 1888. The metter of the countries of the suppleyes tore the burning portion from her. Told was accessful, and is gradually taking the place and the ante-mortem deposition of his wife of gas in many places. keeping the market a little short of coal as the new year advances is already discussed, and will to some extent be fedlowed as the well-approved mode of making a firm market. It is much easier to avoid an overstocked market than it is to reduce an oversupply of coal. At present it does not seem probable that any considerable over supply of coal is to be carried over from 1880 to 1881. This fact will materially aid in controlling prices all through the year.—Ledger, 18th.

Illiving on Walnut Creek, Ere country, but
the transport of the country of the co in Pennsylvania to alarm the manufacturers, considers the lives of 30, 40 or 50 citizens of may commit suicide. I fear that some of my richeds who have obtained great distinction or in layor of free trade will find their occupation gone. I apprehend that some of the paper mills may seef duiltimes in consequence.

W. F. Ranner, secretary of the Tobacco Grovers' Association of York county, rays filled in the second of the referred to when about 30 for the second of the paper mills may seef duiltimes in consequence whatever. As one of its efficients stated, so it is reported, in reference to the accident referred to when about 30 for 20 citizens of the Tobacco Grovers' Association of York county, rays filled the crop of that county this year will be the time to 20,000 cases.

Frauk Wiest, a travelling agent from physical plants of the Tobacco Grovers' Association of York county, rays filled the crop of that county this year will be the time to 20,000 cases. a stack-n-demand for tools apt out still we can and take the greatest precaution; we as must rejoice that this people xing question cannot help it if an accident does occur. That is poor consolation to the mourning That is poor consolation to the mourning a servant girl employed by William H. E. friends of those who have thus prematurely was assaulted and promptly labely in jury servant girl employed by an unknown man, believed to nave be

Lecturers of Pennsylvania het Whether There are other great lines running to the Hancock or Garlield be elected to the Presiwest tor instance the Baltimore and Ohio dency the tariff for the next four, perials railroad, one of the Lest constructed and twenty, years, will be about the same, but is too the inerse of our manufacturers to most ably managed roads in the world. So can from the resonne in the beauty, years, will be about the same to the first of the control have a Pennsylvanian in the executive chair long it is since accident happened on this overes. while it is being a justed? Executive in-fluence is a ways left to some extent, even in gard. It is positively a pleasure to contemcours and commissions, and if the President place the fact that so many millions of lives be a Penusylvanian that milliones will be felt have been safely entrusted to that road: It favorably when matters in which our makerfacturers are interested come up for consider-ation by the Turin Court. But if the Presiient be an Ohlo man or a representative of is a source of congratulation that such care Western tarmers. Pennsylvania will have no und vigilance is exercised that no such fearfuture tariff. I hope manufacturers will stop sengers on the Pennsylvania R. R., could build-dozing their workin in hing enough to possibly happen. The arrogance and indetook in a his matter; I hope their employes will spure occution and consider for themselves whether I am not right. I have as gelting to be almost insufferable, and shorts Lam no aspirant for offic, but the success of selves and speedily terminate it. It is be all my plans for the in are aspends apar the hevel that Congress will take some action prosperity of our manufacturers, and Thus adject the coming session. Avous.
