RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass, it so remarkable that
we beg to ask for it the attention of our readers. He saws: "In the fall of 1870 I was tak

en with a violent relation of the Luxes,
followed by a severe cough. I seen began to
lose my appetite and fisch. I was so weak at
one time that I could not leave my bed. In
the summer of 1877 I was admitted to the city
Hospital. While there the dectors said I had
a hole in my left lung as log as a half dollar.
I expended over a hundred dollars in dectors
and medicine. I was so far gone at one time
a report went around that I was dead. I gave
up hope, but a friend told me of JR. WM.
HALL'S BALSAM FOR THE LUNGS. I
laughed at my friends, thinking that my case
was incurable, but I got a bottle to saliefy
them, when, to my surprise and gratification,
I commenced to feel better. My hope, once
dead, began to revive, and to-day I feel in better spirits than I have the past three years.
"I write this hopking you will publish it, so
that every one affilied with Diseased Lungs
will be induced to take DR. WM. HALL'S
BALSAM FOR THE LUNGS and be conviniced that CONSUMPTION can be Cured.
I have taken two bottles and can positively
say that it has done more good than all the
other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work."
