Important to Travelers.

SPECIAL INDUCEMENTS are offered you by the BURLINGTON ROUTE. It will pay you to read their advertisement to be found elsewhere in this issue.

—"Do we inherit ability?" was the subject suggested by the scientist of an Oshkosh debating club. "It seems unnecessary," said one of the members, "to answer the question. His grandfather was hanged for sheep stealing, his father died in state prison and we all know that he himself expects to be indicted next week for bigamy."

Rose Cold and Hay Fever.

Messrs. White & Bradlee, Druggists, Ithaca, N. Y.—I can recommend Ely's Cream Balm to relieve all persons suffering with Rose Cold and Hay Fever. I have been a great sufferer from the same complaint; have had great relief by using the Balm. I have recommended it to many of my friends for Catarrh, and in all cases where they have used the Balm freely have been cured. T. Kenney, Dry Goods Merchant, Ithaca, New York, Sept. 6 1880.

Messrs. Wm. Rust & Sons, Druggists, New Brunswick, N. J. Since boyhood I have been troubled with Catarrh and Hay Fever, and have been unable to obtain permanent relief until I used Ely's Cream Balm, which has cured me. After a few day's use I could sleep all night, which I could not do before. E. L. Clickerer, New Brunswick, N. J.

—A good-looking old German with long hair sat down, or rather up, in the barber's chair, and was asked whether he would have his hair shingled. He replied, "Mein Kott, no? I vant some hair koot off. Vy woot you put some shingles on it because?"

Highest Prize Port Wine.

The best wine in the country, that took the highest premium at the Centennial, is Speer's Port Grape Wine, which has become the most celebrated product of New Jersey. This wine and his P. J. Brandy are now being used by physicians everywhere, who rely upon them as being the purest to be had of druggists. It is unsurpassed for weakly females and old people. For sale by A. J. Darling and Dr. C. T. Horn, Lehighton, and Zorn & Rapsher, Weissport.

—"There's one thing I like about the new version," said old Blunderbuss. "That ere text about the boy being father to the man is left out altogether. I always thought that was a wrong end to." And he didn't know why the smile went round.

Troublesome Children,

that are always wetting their beds ought not to be scolded and punished for what they cannot help. They need a medicine having a tonic effect on the kidneys and the urinary organs. Such a medicine is Kidney-Wort. It is a specific action. Do not fail to get it for them.—*Exchange.*

EVERYBODY RIGHT.

When every one says a "thing is so it must be so." On this point Mr. A. H. —"Your husband requires rest," said the doctor as he came from the sick chamber. "He will soon be well—he has had a bad attack of tickeredis." "Tickerosis, doctor; why that's a new disease, isn't it?" "Yes, quite new—it is caused by watching the tickers in the brokers' offices. It effects the optic nerve and the spinal column." Wife retires to ponder over sickness.

Summer Complaints

At this season, various diseases of the bowels are prevalent, and *many lives are lost* through lack of knowledge of a safe and sure remedy. PERRY DAVIS' PAIN KILLER is a sure cure for Diarrhœa, Dysentery, Cholera, Cholera Morbus, Summer Complaint, etc., and is *perfectly safe.*

Read the following:

BAINBRIDGE, N. Y., March 29, 1881.
PERRY DAVIS' PAIN KILLER *never fails to afford* instant relief for cramp and pain in the stomach.
JOSEPH BURDITT.

NICHOLVILLE, N. Y., Feb. 2, 1881.
The very best medicine I know of for dysentery, chronic diarrhœa, and cramps in the stomach. Have used it for years, and it is sure cure every time.
JULIUS W. DEE.

MONROSS, IOWA, March 12, 1881.
I have used your PAIN KILLER in severe cases of cramp, colic and chronic diarrhœa, and it gave almost instant relief.
L. E. CALDWELL.

CENTREVILLE, GA., Feb. 18, 1881.
For twenty-four years I have used your PAIN KILLER in my family. Have used it many times for bowel complaint, and it never failed to relieve. Would not be without it for twice its cost.
J. B. IVEY.

BACO, Me., Jan. 22, 1881.
Have used Perry Davis' PAIN KILLER for twelve years. It is sure to cure, and every mother should allow it to be out of the house.
U. J. NAVES.

OSWEGO, N. Y., Feb. 18, 1881.
We have been using it for a long time, and it is a household remedy. Need hardly care to go to our trouble to get a bottle in the house.
W. O. SPERRY.

CONYAHOGA, S. C., Feb. 18, 1881.
Every family in this section should have a bottle in the house.
H. E. MORTON.

CARMEL, MADISON COUNTY, N. Y., Feb. 5, 1881.
I have always found PERRY DAVIS' PAIN KILLER the most reliable thing it was intended for, and after years of observation and use I regard it as the best medicine in my household as an external remedy.
I. S. FOSTER, U. S. Consul.

BURTON-ON-TRENT, ENG.
I had been afflicted with cramp and pain in the stomach, sometimes so severe as to cause fainting. Used your PAIN KILLER, and found it to be a perfect cure.
H. S. NORRIS.

21 NEWGATE St., LONDON, 1880.
Dear sir,—I am much pleased to say your PAIN KILLER has done me more good than any medicine I have ever taken for the cure of cramp in the stomach, and I have tried a variety. Yours truly,
H. CLARIDGE.

No family can safely be without this invaluable remedy. Its price brings it within the reach of all.

FARMERS' COLUMN.

Training Tomatoes.

The tomato crop has become one of the most important in the domestic as well as in the market garden, and should be carefully looked after. There was a time when the eating of of tomatoes, raw and cooked, was overdone, but they have become a stock fruit, to be eaten for salad or sauce, and are still more useful for flavoring soups and other dishes. In the East they have been used for a long period in the latter form, as an indispensible article of diet.

A little care in training the plants and moderate trimming will greatly promote their fruitfulness, advance the time of their ripening and improve their flavor. It is well to have them set out on the sunny side of a wall or fence against which they may be trained on a slanting trellis, so as to afford a free circulation of air behind and at the same time expose the fruit constantly to the sun. The sun is essential to the perfection of the fruit as much as with cherries or apples. It is often excluded from the tomatoes by the rank growth of vines and leaves, and so the fruit is slow in coming to perfection without the ripening influence of the sun's rays.

Another great advantage of training to mates in the manner suggested is that they are kept out of the dirt, are always clean and ready for use and are not liable to rot. The common mode of letting the plants take care of themselves, and the fruit lie on the ground, exposes the tomatoes to dirt and rot and vermin, from which they may easily be preserved by a little extra pains.

Where trellis or frame cannot be made it is well to put brush on the ground before they have had much growth, and allow the plants to run on the brush. This will keep the fruit out of the dirt, and an occasional moderate trimming of the vines and leaves will expose it to the sun. But a good frame will pay well in the end.

FARM NOTES.

—Stale bread moistened with sweet milk is good feed for young chickens the first few days. When a week old they may be fed on cracked grain scalded. When old enough to eat grain, give them plenty of it.

—In setting out currant bushes care should be exercised not to place any buds under ground unless the buds are cut out of the shoot, or they will push out as so many suckers. Currants should be highly manured, to promote vigorous growth and bearing.

—Large numbers of camels are said to roam along the Gila and Salt River bottoms in Arizona. They are supposed to have sprung from a number of the beasts which were imported into Texas in 1858 for use on the sandy plains, and were turned loose when the war broke out.

—Mr. James Hedden, of Michigan, whose bees have brought him a snug little fortune, concludes that chaff hives are too costly and cumbersome. He has also given up his house apiary. Many of these structures were built a few years since, but they are mostly deserted now.

—Wood ashes, hen manure and lime, are all good fertilizers for corn, but the lime should not be mixed with the ashes and manure until just before it is applied to the soil; and when applied, it should be harrowed in before the corn is planted. If mixed long before applied, it separates the ammonia from the manure, which is thus lost.

—The *London News* says: "Of all poultry breeding, the rearing of the geese in favorable situations is said to be the least troublesome and most profitable. It is not surprising, therefore, that the trade has of late years been enormously developed. Geese will live and, to a certain extent, thrive on the coarsest of grasses."

—If a colt is never allowed to get an advantage, it will never know that it possesses a power that man cannot control, and if made familiar with strange objects, it will not be skittish and nervous. If a horse is made accustomed from his early days to have objects hit him on his heels, back or hip, he will pay no attention to the giving way of harness, or a wagon running against him at an unexpected moment.

—Buckwheat may be made profitable upon a piece of rough or newly cleared ground. No other crop is so effective in mellowing rough, clodsy land. The seed in northern localities should be sown before July 12; otherwise early frosts may catch the crops. Grass and clover may sometimes be sown successfully with buckwheat.

—Moderately broad wheels are preferable to narrow tiers for use on heavy wagons.

—The outlook at the present time is a promising one for a most splendid harvest in 1881.

—The practice of sending live fowls to purchasers or to market by express has grown to a very great extent.

—It is estimated that the total production of wool in the United States for the year 1880 was 260,000,000 pounds, an increase of 32,000,000 over the clip of 1879.

—Recent shipments of honey from California to Great Britain have been received with great favor. An English order recently received calls for 58,000 pound cans.

—The three important requisites in making a cranberry plantation are a peat bog, or swamp, adjacent sand or gravel banks, and capacity to flowage at the convenience of the owner.

—To care for the comfort and health of horses should be the first thing to be considered when building or repairing a horse stable. Pure air and sufficient light should be given in all stables when possible.

—An automatic bulletin has been placed over the clock in Boston office of the Fitchburg Railroad, which exhibits the telegraphic reports of all western and nothern trains, tells when they are due and how late they are.

—The best steam engine no existing (which consumes two pounds of coal an hour a horse power), yields about one-tenth of the power which the combustion of the coal would theoretically produce, measured by thermal units.

—One of the reasons why we earth up potatoes is to cover those tubers which grow near the surface. Some kinds throw out the tubers much lower than others. Tubers exposed to the weather are spoiled for all purposes of cooking, although as seed they are not at all injured.

—A machine has been recently patented designed for threading bolts and tapping nuts, and so constructed that when one tap or die is forced forward to do its work another die or tap will be withdrawn. The machine thus works continuously, and no time is lost in withdrawing the die or tap.

—Now is the time when everybody should subscribe for the CARBON ADVOCATE so as to procure one of Dr. Kendall's Horse Books.

Immediate Relief from Asthma and Hay Fever.

THE SCOTTISH THISTLE

Medicinal Fumers!

PATENTED DEC. 30th, 1879.

The Electric Light was a great discovery, but I claim that the *Scottish Thistle Medicinal Fumers* is a greater one, owing to the great amount of suffering they have relieved, and the cures they have effected. I suffered from Asthma for fifteen years in Scotland and America and I am now completely cured. I have been studying the inhaling process for years, and as a result I now give the world the *Medicinal Fumers*, the most effective, and by far the most convenient preparation ever offered to the public, for Asthma and Hay Fever, also Sore Throat, Hoarseness from Coughs, Catarrh, Bronchitis, Neuralgia and Diphtheria. Cure your Sore Throat with these Fumers and you will never be more ill of Lightheria. They are invaluable for public speakers and singers.

They are put up in fancy boxes, and can be carried in the pocket, and used at convenience. If you cannot get them from your Doctor, or Druggist, send direct to the manufacturers, who will send them to all parts of the world, postage free.

A child can use these Fumers, as they do not have to be smoked. *Price, One Dollar per Box.*
