[Miscellaneous (Iowa), Daily Journal.] Messrs. J. R. Bennett & Co., Muskegon, Mich., thus speak: "St. Jacobs Oil is the best liniment around here. We will use it of it than any other proprietary medicine we have in our store. Our customers are continually praising its effective qualities; and we think that it is the best remedy for rheumatism, neuralgia, etc., we have ever had in stock."

E. F. Gazzam, of Allegheny, was accidentally run over and killed by street cars at that place on Saturday.

New Bloomfield, Miss., Jan. 2, 1880. I wish to say to you that I have been suffering for the last five years with a severe itching ailment. I have heard of Hovey's Balm and have tried it. I used four bottles, and it has done me more good than all the doctors and medicines that they could use on or with me. I am old and poor but feel to bless you for such a relief by your medicine and from the hands of the doctors. I have had fifteen doctors at me, the greatest seven coming from the States, and another took four quarters of blood from me. All they could tell was that it was skin sickness. Now, after these four bottles of your medicine, my skin is well, clean and smooth as ever. HENRY KNOX.

Daniel Reider, of Rouseau township, Berks county, is 92 years old, and works daily in the fields.

PUBLICITY SEAGNS. There are makers who seek to earn and fix a reputation for first class work which should be for all time. Among these may be noted the Mendelssohn Piano Company, manufacturers of the popular Juvelo Pianos, which are rapidly becoming known, and which do not fail to hold every inch of ground they once occupy.

So thorough is the inspection of the various parts, and of the whole, that when an instrument goes out of the factory a guarantee for five years—long enough to break down and wear out two common organs—is given the purchaser. The Jubilee Organ is eminently an organ for the people—Louisville, Ky., Commercial.

Having had occasion to purchase organs of this Company for our own personal friends and having found them to be all that was claimed for them after years of thorough trial, and having repeatedly visited their factory in New York city, we are prepared to assert, from our own knowledge of the manufacturers and their organs, that their work is not excelled by any manufacturer now in the market.

In short, the Mendelssohn Piano Company's instruments are eminently the people's organs, and are worthy of the favorable reputation they so certainly enjoy. We cordially recommend them to the confidence and patronage of the public; we advise them to communicate with the Company, at its headquarters in New York, and look over their catalogue and price list.—The Independent.
