

A Westelmy Bushes

A very nest hanging flower pot is much sally, and with no expense, from a come and shall Saw of the flat end, and take out the keepel; then with a heated wire burn three boles near the edge. There ar divisions in the shell (plainly marked by a slight ridge) that divide it into three equal parts. Burn, a bole on each of these, about half an Inch from the edge. Take same small wire and fasten by twisting in to each hole. Have these wires of equa length, and as long as you like. Put i some bits of chereoul or broken erockery then fill with earth. Set out exalls, ivy o whatever you please for a trailing vine and hang before a window, and you have one of the nestest arrangements possible, I you have bracket shelves across your wil fows, a little book can be inserted in the adge, and this basket hung on it.

Potatoes.

The potato crop is apparently muc smaller this year than last, in the Uniter States, and prices are higher. In Canada he crop has been a good one, and dealer there are taking advantage of high prices on this side of the line to get rid of the sur plus. The Montreal Gazatte mentions the eccept, by one firm, of orders from the bushels. The Gazette sears that the present activity and good prices may induce ten many to hold for higher prices still, and fiming the mark altogother," as the crop is a heavy one, and high prices limit consump-

Fall Ploughing.

It there is any time this mouth when men MITHE ONLY MEDICINE and teams are short of work, they can be very profitablly employed in ploughing Por heavy soils fall ploughing is especially valuable, as the soil becomes much more meiler by being left somewhat uneven and light through the winter to the action of the frost and weather. Fall ploughing is not advisable on light soils, or on sloping grounds, when heavy rains are liable to wash the land; or where strong winds will blow the auriace soil off. Sugnr.

According to figures, compiled for the New Orleans Picayens, the sugar crop of the year ending Seplember 1st, 1881, was the largest reised in Leuisianna since the

war. The total pounds of sugar are given at 272,982,899, and gallens of molasses, 15, 255,030. About one thrid of the total produet of sugar comes from the vacuum pan The substitute of the most approved methobrof handling the juice has been stendily going on. The precentage of open kettle augar is constantly decreasing.

Impraving Stock. The time has been in this country, and not a great many years ugo, when many farmers found almost insurmountable diffiies in the way of the interduction of good stock; but that time has passed away Obstacles which presented themselves dis appeared, and it is no longer an open question whether or not it is good policy to breed, grow and fatten the best. The great SHAVING USE RAZORINE! cost of thoroughbred stock, at one time, was a barrier in the way of its general use, but breeding has now grown to be a vast industry, and prices of good individual sires and dams have been so reduced as to place them irer the reach of all, than ever before The hard times of a few years back prevent ed many farmers from weeding out trashy breeding stock, the means for masing desirable substitution being actually unproenrable; but this difficulty is now removedthe fat steek trade was another impediment to those dearing to raise their standing of broading; but this trouble no longer exists.

There actually are no obstacles in the way. of general improvements at this time which are worth considering. On the contrary

Weakly Persons' Wine.

Old and infirm persons need some mild tonic or gentle stimulant, especially at this season. The wine made at Spear's Mount Prespect Vineyards, in New Jersey, called Speer's Port Grape Wine, is used in the Atlantic States as the best tonic wine known, and is regarded as pure, and is very repular among physicians. It is especially beneficial for females and old persons.

This wine is for sale by our Druggists A. J. Durling and C.T. Horn, M. D. Lehighton, and Zern & Rapsher, Druggists, Weissport, Pa.
