

PARTI NOTES.

One hundred thousand of the population of Chicago are rated as living on the business brought to that city by the Union Stock Yards.

Wisquasin has to pay so many wolf scalp bounties, that it is suspected that wolf breeding is going on in some parts of the State as an organized industry:

It is reported that "far-seeing farmers in Nebraska are borrowing money on land and investing it in blooded cattle." They will have to see a great ways shead to make such an investment "a dead sure thing" in

the matter of safety.
One sim of the Chicago Fat Stock Show was to grove that "with proper selection in breeding and care in devi coment more weight and a better quality of meat could be produced in one quarter of the time than was required under the old haphazard sys-

Chicago butchered and packed \$5,000 hogs in 1885, and brugged about it (she always brage), while now she butchers between 6,000,018 and 7,000,000, and brags no harder. The sales of cattle are about 1,-400,000 a year now, and 400,000 sheep. But brag or no brag, it must be confessed that Chicago is a good deat of a town, and it is destined to be even more so.

Sometime since a one-year old filly trotted a mile at San Francisco in 2:44}. An other yearling filly, Hinda Rosa, now own ed by ex-Governor Leland Stanford, trotted a mile in 2-43 Pretty mon we may hear of sucking colts being put into harness and timed on the course to make a California holiday for her railroad magnates.

A sharp Vermonter with an eye for good horse flesh lately persuaded a farmer to sell him an untrained four year-old colt for \$450. The buyer put him into a trainer's hands, and in about thirty days the colt made half a mile in 1:125, and the owner was happy to refuse \$5,000 for him. He is s grandson of the famous trotter Ethan Alen, claimed to be the beau ideal of graceful

A new cheese factory at Theresa, N. H., is going up, which is to cost \$15,000, Its specialty will be the manufacture of "Lin .berger," cheese. Many other noted foreign brands of cheese are made in this country We suppose these brands are not counter feits merely, but immitations of the foreign articles,acknowledged to be made in Ameri es, and of superior quality. This is not ike counterfeit wines made without grapes.

Charles Bachman, of Stony Ford, N. Y. has a brood mare which has produced twelve colts, six of which were sold for over \$42,000, and the other six Mr. Bachman still owns. Of course they are fast, two of the six sold,-Prospero and Elaine-have made their mile in 2:20, and Dame Trot in 2:22. One of the later colts is Hinda Ross, which is a yearling lately made a record of 2:43, the fastest ever known for that age-The mother of these animals is 19 years old. and has never been broken to harness. Her name is Green Mountain Maid. Her pedigree is rather short, but she is believed to have a large infusion of Morgan blood. The sire of the three colts first named above was Messenger Duroc.

Colonel Gillett's drove of steers at the late Chicago Fat Stock Exhibition numbered thirty two in all. The heaviest weighed 2,435 pounds and the lightest a little below LEHIGHTON, PA., has the Largest and Most Extensive Stock of 1,500. One steer 1,176 days old had guined 2.07, and none less than 1.19. The average of this lot was 1.68. The Herefords develop still more rapidly. An lowe breeder had an animal 267 days old and weighing 725 pounds, so that the daily average gain was 2.71 pounds. The cost of raising in this way ought also to be published, but we have seen no figures.

The grand sweepstakes premium for three year-old steers—32 competito—was taken at the Chicago Fat Stock Show by the owner of a steer named McMullen, 1,237

PURCHASKIES. The grand sweepstakes premium for days old, and weighing 2,095 pounds. The average gain per day from birth was 1.61 pounds. This steer had not matured as rapidly as many of his competitors, but the judges decided that he had the greatest proportion of desirable qualities. They describe him as "a low, square, reachy red of fine finish, attractive appearance, fine in bone, small in head and short neck, well quartered and nicely preportioned throughout. Top bottom and side lines straight, loin large and thicker than any other steer in the ring, and better filled in the round." The owner was Colonel J. T. Gillett, of Elkhart Logan county, Ili.

Potatoes are now imported to the United States from England and Ireland, cabbages from Germany, and beans from Germany and Italy-all this is due to last summer's A Mioneapolis mitter, Geo. A. Pillsbury,

is said to furn out 2,500 barrels of flour day. And lately he was in to Oregan and Washington Territory to find a good place for another small mill.

American exports to Europe have faller off nearly twenty nine per cent, within the last four months as compared with the same period last year. The explaination is found in better crops in Baropa.

Non-nitrogenous manners act best lands which have long been heavily ma nured with composit or stable manure. In such cases something seems to be recessary to liberate the nitrogen already in the soil.

The suckers in a plantation of blackberries, when not wanted for propagation, should be treated as words and robbers of the soil.

absolute processity to success.

Highland Hardy, one of the raspberries largely puffed a few years ago, is now said by some of the dealers in new things to have "had its day;" / ATL W 131

CONSUMPTION CHRED.

BALTIMORE, Mo., Feb. 12, 1881. Upon the recommendation of a friend, 1 tried Brawn's Iron Bitters as a tonic and restorative for my daughter, whom I was away in consumption. Having lost three daughters by that terrible disease, under the care of emittent physicians, I was leth to believe that anything could arrest the propens of the disease; but to my surprise, be fore my daughter had anken one buttle of Brown's Iron Bitters, she began to mend, and is new quite restored to ber former health. A fifth daughter began to show signs of concumption, and when the physican was consulted, he quickly said "Tonces were required!" And when informed that the slaier auter was laking Brown's Iron Bitters, responded, "That is a good tonic, stake it."

ADORAM PHELPS, of ARRET & PRILIPS.

# Kheumatism

Pain in the Back and Side. There is nothing more painful than these diseases; but the pain can be removed and the disease cured by use of Perry Davis' Pain Killer.

This remedy is not a cheap Benzine or Poiroleum product that must be kept away from fire or heat to avoid danger of explosion, nor is it an untried experiment that may do more harm than good.

Pain Killer has been in constant use for ferty years, and the universal testimony parts of the world is, it never falls. It not only effects a permanent cure, but it relieves pain almost instantaneously. Belog a purely vegetable remedy, it is safe to the hands of the most inexperier The record of cures by the use of PAIN KILLER would fill volumes. The following extracts from letters received show what those who have tried it think:

Edgar Cady, Owatonna, Hinn., says:

About a year since my wife became subject to severe suffering from rhoundstam. Our reservives to the Pain Eritma, which speeddy referred her. resloved har.
Charles Powell writes from the Sallors'
Home, London:
I had been afflicted three years with neuraless
at which the formach. The decions of which the Hornton way may be a despute. I tried your Paly Killian, and it gave ne immediate relief. I have regained my strength, and am now able to follow my usual occupation.

G. H. Walworth, Saco, Me., writes:

I experienced immediate relief from pats
the ride by the use of your Pars Example.

I experienced immediate relief from pass to the eithe by the tase of your PARE KILLER.

E. YOTK SRAYS:

I have used your PARE KILLER for rheumatism, and have roceived great benefit.

Barton Sagman says:

Have used PARE KILLER for thirty pass, and have found it a reserviating remoty few rheumatism and lameness.

E. Burditt writes:

It never fails to give relief to case of rheumatism.

Phil. Gilbert, Somerset, Pa., writes:

From actual use, I know your PARE KILLER is the local medicine I can got.

All druggists keep PAIN KILER. Its price ts so low that it is within the reach of all. and it will save many times its cost in doctors' bills. 25c., 50c. and \$1.00 a bottle. PERRY DAVIS & SON, Proprietors, 1 Providence, R. I.

KIDNEY-WORT WONDERFUL WHY? CURES! EM

and KIDNEYS at the same time. Because it cleanses the system of the poisons is humors that develops in Kidney and Uriary Diseases, Billousness, Janudice, Constitution, Piles, or in Rhoumatism, Neuralgia, sevens Disorders and Female Complaints.

The New York SUN, for 1882.

THE SUN for 1882 will make its fifteenth annual revolution under the present management, shining, as always, for all, big and little, mean and gracious, contented and unhappy, Republican and Democratic deprayed and virtuous, intelligent and obuses. The Sun's light is for mankind and womankind of every sort; but its genial warmthis for the good, while it pours hat discomfort on the bistering backs of the persistently wicked.

The Sun of 1882 was a newspaper of a new kind. It discarded many of the forms, and a multitude of the superfluous words and physics of ancient journalism. It undertook to report in a fresh, succinct, underwentional way all the news of the world, omitting no event of human interest, and commenting upon atfairs with the fearlessness of absolute independence. The succeens of this superiment was the success of This Sun. It effected a permanent change in the sayle of american newspapers. Every important journal journal cetabilished in this country in the ductor years passibles been modelled after The Sun. Every important journal already existing has been modelled after The Sun. Every important journal straight has been modelled after The Sun. Every important journal straight has been modelled stret The Sun. Every important journal straight has been modelled stret The Sun. Every important journal strength has been modelled stret The Sun. Every important journal strength has been modelled stret The Sun. Every important journal strength has been modelled stret The Sun.
