mann-who certainly was said to be not

over particular whether the deer that be

I knew it the first of the summer-I knew it the same at the end-That you and your love was plighted, But couldn't you be my friend? Couldn't we sit in the twilight.

Couldn't we walk on the shore; With only a pleasant friendship To bind us, and nothing more? There was hever a word of nonsense Spoken between us two, Though we lingered oft in the garden

Till the roses were wet with down

We touched on a thousand subjects-The moon and the stars above; But our talks were tinted with science, With never a hint of love. "A wholly platonic friendship," You said I had proved to you, "Could bind a man and woman

The whole long season through. With never a thought of felly, Though both are in their youth." What would you have said, my lady, If you would have known the truth?

Had I done what my mad beart prompt Gone down on my kneet to you, And told you my passionate story There in the dusk and dew; My burning, burdensome story,

Hidden and hutbed so long,

My story of hopeless loving -Say, would you have thought it wrong! But I fought with my lieart and con-

quered-I hid my would from sights You were going away in the morning, And I said a calm good-night. But now, when I sit in the twifight, Or when I walk by the sen, The friendship quite "platonia"

Comes surging over to me, And a passionate longing fills me For the roses, the dusk and the dew-For the beautiful summer vanished-For the moonlit talks-and you.

The Hardest Tng of All.

The sun was just beginning to sink ver the beautiful hills of Southern Bavaria. A big red bearded man, with for an instant; but now the stranger burgh, which has enriched all of its own- ed by electrical means. arms bare to the elbow, stood at the door of a little mountain inn upon one of the higher slopes, watching, with his broad. brown hand arched over his eyes, a group of five men who had just issued from the mass of dark green pines that covered the crest of the opposite ridge.

the landlord. "They're all there but ber it." Hermann; but they've found no game wonder? He won't come back empty- mocking smile, "but of late folks have in splender in the Champs Elysees; how exposed structures. handen I'll be bound."

been calling me Strong Schalk!" "Hermann's late" said one of the forsters, "but I wa rant he'll be ready for starting from his seat upon which he pick in the ground in his rage, and diss pations show how great i the dayersity his supper when he does come." had sunk dejectedly. "Shake hands,

my game, for I can tell you, lads, that be beaten by a tailor, but I don't mind time; how a small grocer "grub-staked" used in the experiments was a common to carry a quarter of venison from the a bit being beaten by you. Come, let us a hungry miner who struck mineral louse magnified to a theoretical size of Riesenberg to my door, on a foasting be friends!" day like this, would be a job for Strong And from that day forth the two men grocer bought out the miner, sold a small underestimated this value; two estimates

"And who may Strong Schalk be?" asked a sunburned peddler who was sitting beside the window.

"Who?" school the landlord, staring; why, brother, you must be a stranger in these parts to ask that. But if you want to know about him, all you've got to do is to go down to Krenzwig town yonder and ask any man, woman, or child you may meet about StrongSchalk." and they'll tell you something that'll as" tonish von."

"And if that's not enough," struck in one of the hunters, with a grin, "let given with the Diamond Dyes. For dyeing Mosses, Grasses, Eggs, Ivory, Hair, &c. him go into Schalt's shop and challenge him to wrestle, and be'll be astonished still more-eb, Father Baum?"

"Ugh! don't talk of it! granted the laudford, making a wry face; "you make my fingers ache with the very recollec-

"Why, he must be a perfect giant!" cried the pedler, who had been listening open-mouthed.

"No, that's the strangest part of it. He's no bigger than another man-rather smaller in fact-and a tailor into the bargain; and yet he can do feats worthy of Haus Strongband in the story,"

"Of whom are you speaking?" asked a deep voice from the door, Of Strong Schalk, the tailor of Kreuzwig, friend Hermann, answered they can; men as much as they wish to,

the landlord, shaking hands with the new-comer, a powerful young fellew, with an air which showed that he had no small idea of his own importance. "The mischief take Strong Schalk!"

cried Hermann, angrily. "I'm sick of his very name;" and with the full power of his mighty voice he rolled out the There were a heat of tailors,

Brave follows one and all; Then drank they, all the ninety, Ay, nine times nine and unnety, Out of a thimble small. And when this draught had quenched

their thirst.
Then weigh themselves would they;
Yet could not all the ninety.
Ay, nine times nine and ninety,
A single goat upweigh. Then homeward trudged they all-but le Then hopped they, all the ninety, Ay, nine times sine and ninety, Right through the key-hole, in."

The bolsterous chorus had hardly died away, when a quiet but unmistakably jonable, firm voice was heard to say! "Stop there! enough of this!" All turned with a start, and saw that

the silent stranger near the door had they have the sovereign power of the risen from his seat. "Gentleftien," he continued, amid the uiversal hush of amagement, \*f must tell you that I am a teilor, and that I object to hear any man speak ill of my

"Do you, really?" cried Hermann with a laugh. "Well, then, I must tell you that you will either keep a civil tongue my skin in a natural, healthy condition. I in your head, or I'll have to show you the difference between an houest forester and a fellow who lives on cloth clipping and a fellow who lives on cloth clipping and and the form of the state of the
