Saturday Night's Lecture.

The lecture on "The flattle of Fredericks-burg," by Rev. W. D. C. Bedrock, in Zion's Reformed church, in this borough, on the evening of the 10th inst., was a grand offort, and gave entire antiafaction to a large and intelligent andience. The lecturer depicted that dreadful event in the most vivid colors. The battle field, the respective positions of both armies, the upequatted heroism of the Union soldier, the boom of cannon and the clang of arms, as also the remoyal of the wounded patriot from the T | bloody field by his more fortunate concenden, the pathetic moan of dving fathers, husbands and sons, and the mournful scone that engoed after the deadly conflict, &c., atl combined to form a living picture of the memorable battle of Frederickshurg. The most dormant spark of patriction was irremistible awakened to lively enthusurem in the bosom of the attentive heaver, and during the proceedure of the lecture the audience was, as it were, uniformed in blue, vigorously wielding the prime of liberty or the peace of our beloved homes. Any community desirous of spending a most inveresting and profitable evening, would do well by employing our worthy Chaptain to deliver one of his mimirable lectures on his experience in the late rebellion.

## STRENGTH

to vigorously push a business, strength to study a profession, strength to regulate a household, strength to do a day's labor without physical pain. All this represents what is wanted, in the often heard expression, "Oh! I wish I had the strength!" If you are broken down, have not energy, or feel as if life was hardly worth living, you can be relieved and restored to robust health and strength by taking BROWN'S IRON BIT-TERS, which is a true tonic-a medicine universally recommended for all wasting diseases.

> 501 N. Fremont St., Baltimore During the war I was injured in the stomach by a piece of a shell, and have suffered from it ever since. About four years ago it brought on paraly-sis, which kept me in bed six months, and the best doctors in the city said I could not live. I suffered fearfully from indigestion, and for over two years could not eat solid food and for a large portion of the time was unable to retain even liquid nourishment. I tried Brown's Iron Bitters and now after taking two bottles I am able to get up and go around and am rapidly improving.

BROWN'S IRON BITTERS Is a complete and stre remedy for Indigestion, Dyspepsia, Malaria, Weakness and all diseases requir-Ing a true, reliable, non-alcoholic tonic. It enriches the blood, gives new life to the muscles and tone to the nerves.
