A ore people have read the SCS during the year just now passing than ever before since it was first printed. No other news-paper published on this side of the carth has been bought and read in any year by so many mon and women. We are creditably informed that people buy, read, and like Taw Sux for the fellow-tor readman among others: A NEW AND ELEGANT LINE OF Clocks, Watches and buy, read, and like The SUS for the feilew-ing reasons, among others: Hecause its news columns present in st-tactive form and with the greatest possible accuracy whatever has interest for human-kind; the events, the deeds and misteeds, the vision, the philosophy, the notable fully, the solid sense, the improving nonsense—all the news of the busiest world at present re-volving in space. Just Received, at HAGAMAN'S STORE, the solid sense, the improving nonsense—all the news of the busiest world at present re-volving in space. Because people have learned that in its re-marks concerning persons and affairs Tam Star makes a practice of telling them the ex-net train to the best of ability three hondred and sixty-five days in the year, before size-tion as well as after, about the whalse as well as the small fash, in the face of dissent as plainly and fearlearly as when supported by general approval. Thus See has abolately no purposes to serve, are the information of its readers and her furtherance of the com-mon good. Because it is everybody's newspaper. No max is so humble that Tax Suz is indifferent to his welfare and his rights. No man, se scention of men, is powerful enough to be exempt from the strict application of its principles of right and wreng. Because it in her strict application of its predict is the anony newspaper. The fight that has resulted in the resent service melling popular verdict against. Kolezonism and its in power, Tax Sys stands and will con-tinue taken anony newspaper, the fight that has resulted in the recent service melling popular verdict against. Kolezonism and its in power, Tax Sys stands and will con-tinue to stand like a rock for the intersets of the people against the order to the the set of an estand in the are start in the fight and be start of menophisms, and the dela-met able is of public robbers. All this is whith we are start is indiffered by our friends. One was holds that Tax Sys is the beat religious newspaper ever pai-tiebed, because its Orbitinality is andimited with cant. Another holds that Tax for a lathe beat religious newspaper ever start schemes of public robbers. All this is whith we are told almost delify by our friends. One was holds that Tax for a lathe beat religious newspaper ever his bod, because its Orbitinality is andiluted with cant. Another holds that it is the beat five of a string of the second against the other healt with undeminished tiger. nail, postpaid, as follows:

Detects of it to be the test magazine of general literature in existence, because its readers in the world of thought. So every friend of the score discovers one of its many sides that appeals with particular force to hai individe-al thins. If you airendy knew Twn Sux, you will ob-serve that in 1853 it is a little better than ever before. If you do not already knew Tam Sux, you will find it to be a mirror of all he-man activity, a storehouse of the choicest products of common sense and imagination, a a sentinel for genuine Jeffersonian Deme-terray, a scourse for withedness of every a cides, an and uncommonly good investments to the coming year.
