The Statement of Mrs. Dillman

Coroner Unier, of Northampton county, isited the almshouse Friday and took the statement of Mrs. John Dillman, whose throat was cut by her husband the week altar services. The Lord's Supper was ad- previous, and who is rapidly growing worse. Her story, told as best possible under the trying and painful circumstances. s this: Her maiden name was Charlotte McNear, and she was the daughter of Wilham McNear, of Hanover Township. She married Dillman twenty years ago, an l lived in various places with him, principaly South Bethlehem, Fremansburg and Redington. Six months ago, while living at the latter place, Dillman threatened to kill her. They went to the almshouse in January with four children, remained two weeks, then went to Mrs. Dillman's brother's, in Bethlehem, and two weeks later the wife and children returned to the almshose, while Dillman went to Frackville, near Mahanoy City.

On the 28th of March he reappeared at the almshouse with a new dress for Mis. Dillman and saked her to go to South Bethlehem, as he had rented a house. They accordingly started next morning. Dillman was in a good humor all the time. When near Hecktown he said they would turn in lane, as it was a short cut to their destination. Just after entering the lane the man eized his wife, threw her down, and place ng his knee on her body, said he was tired of per and would kill her. She implored him to desist and to let her live apart from nim, but he paid no heed to her, but deev piece of cord from his pocket, tied her ands, and then, opening a knife, cut her throat, she all the time entreating him to

No Whiskey!

Brown's Iron BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum.

Brown's Iron Bitters is guaranteed to be a nonintoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Bitters:

Cin., O., Nov. 16, 1881. Gents:—The foclish wast-ing of vital force in business, pleasure, and vicious indul gence of our people, makes your preparation a necessity; and if applied, will save hun-dreds who resort to saloons for temporary recuperation.

BROWN'S IRON BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
