The pupils of the senior class presented Mr. Rauch very handsome copies of the poems of Byron and Burns which he accepted with a brief, felicitous address. He said that his relation with his pupils, with di-

rectors, fellow teachers, and citizens, had been exceedingly pleasant during his connection with the schools. He said that he hoped that his pupils might be rewarded for their faithfulness and dillgence in school by abundant success in after life.

At the close of the exercises Mr. E. P. Williams moved that a vote of thanks be extended to Mr. Rauch for the deep interest he took in their high school in making the first commencement such a marked success. All the exercises were frequently interpersed with music, rendered by the pupils, of the high school. Several beautiful soles were rendered on the organ by Miss Carrie Tweedle.

> Mr. Rauch took charge of the schools last September. The directors raised the salary in order to secure his services. Efforts will be made to induce him to accept the position again for next year. His work gave universal satisfaction and won for him an enviable reputation. For the next two months he will take charge of a summer Normal School in Lehigh county, composed of teachers and young men preparing for college.

The Secret

of the universal success of

Brown's Iron Bitters is sim-

ply this: It is the best Iron

preparation ever made; is

compounded on thoroughly

scientific, chemical and

medicinal principles, and

does just what is claimed for it-no more and no less.

By thorough and rapid

assimilation with the blood,

it reaches every part of the
