to save them. By doing this, we have obtained as good crops as when May, June and July were cool and rather rainy. It is not necessary to hush dwarf pean. Still, when exposed to a stron wind, they will sometimes hlow down, and then the inrther advantage of their being mulched is that the pods are kept clean as d dry, and excape being millewed. It is as excellent thing also to mulch both pole and bush beans, melons, squashes and encum hers in the same way .- An erican Agricul Invist.

Ceneral Notes. -A writer in the Home and Farm us about a quart of sawdust in each hill of one plot of pointoes and none in another plot. The sawdust wills yield at nearly twice as much as the others, and the potatoes were larger and smoother.

-The farmer who gets in a corner with his work should see to it that his best land is most thoroughly cultivated. If anything must be neglected let it be the poorer. The best land is usually the weedlest, and if no attended to promptly will soon he beyond h-lp. After the harry of harvesting the extra help then employed will probably be moded in hoed erops.

-Swiss Most Omelets.- A good way I us - cold meat is to chop it fine with raisins. notmeg, salt, hmon and juice; add one erg, one taldemoonful of angar, cloves. The above mixture is the middle of the omelets. Three eggs, one pint of milk, two teacups of four, make the batter thin. Fre it in little lard, put a spoonful of chooped meat in the centre, and fold the fried batter around it once.

- Checolate Ice Cream,- Chocolate in er-am, which is perfectly delicions, is made by taking two quarts of sweet cream (n-t milk), half a pint of milk, sugar enough to emotion flils, four eggs, and about one third of a cake of closedute grated : flavor the eream with vanilla before stirring in te chocolate; heat the cream until it is off and then add the other ingredients. Fierze, stirring until it is so hard you can do so no longer, the more rapidly you sti the finer grained the cream will be -To test the truth of the theory that g abs travel from one plant to another by a . underground passage, Mr. P. Slade, of Manachuse'ts, took from the ground a grab Gradually Supplanted by a Better Article that and just completed the destruction of a plant, and tied a piece of red thread In the general reception room of the around his body, and replaced him where Western 1 mon Telegraph building on he was found, and covered him with earth.
