"It is true that Bright's disease has in ble statistics, that in the past ien years its was poorly attended last Sunday, on account of the colored camp meeting at Trachsville growth has been 250 per cent. Look at the prominent men it has carried off Everett, Sammer, Chase, Wilson, Carpenter, Bishops Haven and Peck, and others, -The long continued rain of last week produced quite a freshet, and flowed over the banks of the streams and damaged a This is terrible, and shows a greater growth the grass considerably.

than that of a y other known complaint. It should be plain to every one that some thing must be done to check this increase or there is no knowing where it may end." It hig "Do you think many people are afflicted with it to day who do not realize it, Mr. -The Pipe Co., of Parryville, suspende operations for a few days last week owing to high water which backed into the four

A Steamer Blown Up.

"Hundreds of thousands. I have a striking example of this truth which has The boilers of the steamer Susquehanna, owned by the Plymouth Navigation Comust come to my notice. A prominent pro pany, blew up Tuesday morning at her dock pany, blew up Tuesday morning at her back was lecturing before his class on the sub-ject of Bright's disease. He had various Auids under microscopie analysis, and was showing the students what the indications of this terrible malady were. In order to show the contrast between healthy and untollowing employes were injured: John P. Detwiller, fireman, had on arm broken and healthy fluids, he had provided a visi, the contents of which were drawn from his own person. 'And now, gentlemen.' he said. 'as we have seen the unhealthy indications, experienced a concussion of the brain; he cannot recover; Perry Hughes, engineer, as we have seen the unlessing indications, I will show you how it appears in a state of perfect health,' and he submitted his own fluid to the must test. As he watched the results his countenance suddenly changed—his color and command both left had his hands and tace burned; Charles

him, and in a trembling voice he soid ; plank when the explosion occurred. He of Gentlewon, I have made a painful discovery ; I have Bright's disease of the kid neys, and in less than a year he was a capacity for carrying five hundred ressention of the start of the plank when the explosion occurred.
