MANHOOD

How Lost, How Restored!

Just published, a new edition of Dr. C. C. VERWEL'S CELEBRATED ESSAY on the radical cure of FEMALE OBSCURITY OF PERIODS, Weakness, Irritability, Neuralgia, Leucorrhoea, Mental and Physical Inactivity, Impairments to Marriage, etc. Also, CONSUMPTION, EMPHYSEMA AND ASTHMA, Indigestion or actual DYSPEPSIA, etc.

The celebrated author, in this admirable Essay, so fully and so clearly illustrates the successful practice, that the alarming consequences of self-neglect may be averted, and every female who is afflicted with any of the above named complaints, may see, in plain English, how she may cure herself cheaply, privately, and safely.

This Lecture should be in the hands of every young lady, and every man in the land. Read under seal, in a plain envelope, to any address, post paid on receipt of six cents of two postage stamps. Address—

An Old Soldier's EXPERIENCE

By J. W. WHITLEY.
"I wish to express my appreciation of the valuable qualities of
Ayer's Cherry Pectoral
as a cough remedy.

"While with Grenell's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases.

Thousands of testimonials testify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.

Polishing the Wrong End.
Many men daily polish their boots who never give a thought to the condition of their hair, except to harrow it occasionally with brush and comb, or submit it to the paralyzing attentions of the average barber. What happens? Why, this: From neglect, mental anxiety, or any of a score of causes, the hair turns prematurely gray and begins to fall out. Parker's Hair Balsam will at once stop the latter process and restore the original color. An elegant dressing, free from grease.

—The more you like a man the better you know him.

FARMERS' COLUMN.

The Grape Vine in August.

While grape vines have more enemies than almost any other fruit-bearing plant, they are, with the exception of the little understood "rot," easily managed if taken in time. Mildew is usually prevalent this month. If neglected, but little fruit can be hoped for. Mildew is easily kept in subjection, if sulphur be applied in time, as directed last month. If a rain falls soon after sulphur has been used, the application should be repeated. If the vines are kept well dusted with sulphur, the trouble will make little headway. The insects that infest the vines at this season are mainly large and solitary caterpillars, and beetles, and are easily kept in subjection, if taken in time. Green Corn for Pigs.

In the summer and early fall feeding of pigs, we have found sweet corn one of the best and most convenient kinds of fodder. Pork is made to the best advantage by putting the pigs, as soon as they are weaned from the sow and have learned to eat milk and meal, into the pen, and keeping them there under full feed until they are ready for slaughter in November or December. With a good breed of swine there is no difficulty in making March pigs weigh from two hundred and fifty to three hundred pounds at eight or nine months old. With plenty of Indian meal and skinned milk they will grow rapidly until the corn is large enough for cutting. About the first of August, the shoatlings given an additional ration. The pigs will eat the green stalks and leaves with great relish after the ears have been plucked. It is an excellent appetizer, helps the digestion of more solid food, and promotes the thrift of the animal. Field corn may not be quite so nutritious, but so better use can be made of it, after the ears are in milk, than to cut and feed to fattening swine. It costs much less to make pork in summer than in cold winter weather.—American Agriculturist.

MESSRS SEABURY & JOHNSON:
I am slow to give my faith to any new cure, but I have tried your CAPSICINE PAIN-KILLER PLASTER and I have been convinced that it is an exceptionally clean plaster to use, and it is very effective in all cases of rheumatism, neuralgia, sprains, etc., and among my patients, have convinced me that there is no other single article so valuable for popular use, none so helpful in cases of Lame Back, Local Rheumatism, Neuralgia, Sprains, etc., as the Capsicine Plaster and Liniment.

You may feel free to use my name. Very truly yours,
