A MARVELOUS STORY

FROM THE SON: "38 Cedar St., New York, Oct. 28, 1882.

has had in his case; I think his blood must have contained the humor for at least ten years; but it did not show, except in the form years; but the not show, except in the four of a scrotulous sore on the wrist, until about five years ago. From a few spots which ap-peared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case. Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a a duty for me to state to you the benefit I have derived from the use of

Aver's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessnat and intelerable Stelding and the skin gracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commonced the use of the SARSAPARILLA in April last, and have used SalisarAnitta in April 1835, and ance used to regularly since that time. My condition began to improve at once. The sores have all heated, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, VL, Oct. 1, 1882. Yours gratefully, HIBAM PRILLIPS."
