JOSEPHUS GETS WHIPPED. The end of our last sermon found Josephus in a saloon having learned to use words which, in respectable printed matter, must be expressed by dots and dashes. The words were a great comfort to our friend. It immediately placed him on the same plane with his companions. It required no expenditure of thought or effort of will. A man who wants to say that "it time for dinner" and can accentuate that portentous fact with an oath taking into the name of the greatest figure of manhood that ever trod the earth, is somebody of importance. Great men said women of all the ages since Christ was born have agreed that the holiest, purest, most awe-inspiring name given among men is that of Jesus Christ, the son of an Asiatie carpenter, who was crucified on a tree. It is not surprising, therefore, that we should never see a lady again to go with him to the fair, but go alone, for they are not dependent on him. He says they are "old hatted and have no sense at all."
