A HAZLETON paper rises to the remark that "the greatest happiness in this life is to be thoroughly resigned to Providence." This paragraph was read by a young lady of Lebighton who laid down the paper with one gentle but profound ent:-"That may be so, but as for ms. I have derived more perfect happimess and satisfaction from the knowledge of being well dressed than from all the consolations of religion.'

Bun thinks as little of reporters as he does of official women, Republican rivals or Boston culture. While traveling in a special train from Boston to New Bedford, on Tuesday, he heard that representatives of two anti-Butler Boston Is pers were on the train. He had them put off at a small station on the route, where they had an opportunity of reflect ing for some hours on the internal econ omy of Madagascar.

MARY ANDERSON has got the bulge on the Prince of Wales. The Catholic Times says that the Prince sought an interview with Miss Anderson and that she refused the proposition point blank. Upon being questioned about the matter Miss Anderson said. "Yes, I was asked to meet the Prince of Waler, but I perfeetly understood the light in which he

They own their own hardy pioneer has found his bonanza in sult, Neither of these dispatches resched paying class. I would wish to see the 60 bushels of oats, 30 of wheat, and 300 ful the rascals were that their gam "THE Culture League of America," is same thing in my own country, but, of of potatoes to the acre on these smooth, should not be detected before their har-

vesting was completed. Mrs. Langtry, who arrived last Sunday on the Oregon, looks much stouter than she did when she left this country. Her journey on the continent has evidently done her a great deal of good. She is living very quietly at the Albermarle and the presence of her mother keeps off the mashers, Freddie Gebhard is also pression in theatrical circles that her visit this season will be a failure financi-

ally. The College of the City of New York has at last taken a step in the right direction by opening classes in mechanic arts, which may be attended by the students. If the investigations of the Senate Committee on Labor and Education have had no other effect, they had at least this one, that they aroused the attention of those who have the education of the young in hand, to the necessity of fitting them for the struggle of life better than by simply cramming their heads with a lot of useless knowledge. We have too many half-starved professional men, too many book-keepers out of position, and our workshops are filled with artisans of foreign importation. Now these men all earn good salaries, ranging from twenty to seventyfive dollars a week. There is no reason why our American boys should not be come adepts as well as they, and that the money which goes abroad should stay in this country. At present the movement of the faculty of the Colle e disease, diabetes, dropsy, gravet, stone, of the City of New York is merely tenta-discharges, spermatorrhooa, strictures, variables, diseased prostrate glass, distances, discharges, spermatorrhooa, strictures, variables, diseased prostrate glass, distances, ic art is not to be kept up if it is found that it interferes with the regular course of studies; but there is no doubt that its advantages will become so manifest,

that its scope will be widened ere long, The rumored troubles among th Trus'ees of Dr. Taimage's church are unfounded. I asked Dr. Taimage last Sunday what the resignations of two of the trustees meant. He replied that it was solely the press of private business which prevented them from attending to their duties as trustees in a manner satisfactory to them. The finances of the congregation are in the most satisfactory condition.

Fishermen from all over the country are in town to attend the annual fly cost ing tournament which began at Central Park to-day. So far it is a complete success, and as fine an exhibition of Trustees of Dr. Talmage's church are

## NEW ADVERTISEMENTS.

# What Struck an Old Soldier.

Under the hot sun of August, 1882 the village of Dover, N. J., lay still as the sphinix in Egypt, while Elijah Sharp, of that place, slowly and softly spoke of the past, "Yes, of the slights of those fearful years. I was finally discharged from disability, resulting from sunstroke. I came home, miserable in health and spirits; so enfeebled that I took cold on the elightest exposure. Life seemed worthless to me; I lived only in memory." "That was sad enough," I said, divising

my last two eights.
"That's so," replied Mr. Sharp; "but I got Poor Helyn Leonard. For loving the that condition I began taking Parker's Toxio, and my health commenced to improve that I have to take care about exposing myself to the hot sun-lum as well as I was
