On Thirty Days Trial.
The Voltaic Belt Co., Marshall, Mich., will send Dr. Boy's Celebrated Electro Voltaic Belts and Electric Appliances on trial for thirty days—men (young or old) who are afflicted with nervous debility, but vitality and kindred troubles, guaranteeing speedy and complete restoration of health and manly vigor. No risk is incurred, as thirty days trial is allowed. \$15.

JADWIN'S TART SYRUP is manufactured from Pure Pine Tar procured direct from North Carolina for this purpose only, and is unlike any other of ten so-called Tar Syrups which are made from the oil of tar, a product taken from coal tar without any medicinal properties whatever other than a flavor. The tar is combined with some of the best demulcents and expectorants in use, making a pleasant and agreeable syrup for coughs and colds. Its remedial qualities are unexcelled. For sale at T. D. Thomas' drug store.

Electricity—Of all the known Electro-Galvanic Appliances at the present day it is none so convenient by the Medical Fraternity and Electricians generally, than the American Galvanic Co.'s HOWARD GALVANIC MERRILL, as one shield or appliance can be fitted to any part of the body, which is not true of any other. See advertisement in another column of this paper.—*Electric Galvanic.*

To Repair Damages.
Dear lady, there is probably no use telling you that fashionable life in a great city is rough one on your beauty. Late hours, loss of sleep and mental excitement will leave you by and by and by of those beautiful tresses which drew lovers round you in other years. Artificial substitutes can never pass for those rich and glossy locks. Park's Hair Balsam will stop your hair from falling out, restore its natural color and softness, and prove cleansing and beneficial to the scalp.

DROWNED IN BEER.
Concerning this Popular Beverage Two Men Express their Minds.
"The fact is, you may stick a pin there, that the people of this country are likely to be drowned in a flood of lager beer," shouted an enthusiastic teetotaler the other day into the ear of your corner correspondent. "That German drink has struck us hard. It is the second deluge."
"Yes, and the worst of this beer drinking business is that it gets up kidney troubles, a heavy wind raises the waves," added a city physician, who had a knowledge of the times and a tendency to metaphor. "The midnight 'schoners' leaves behind it a wake of ferreted tongues, headaches, torpid livers, nausea, and all that, and lays the foundation of Bright's Disease."
This melancholy fact, which is in part for the increasing sale of DENSON'S CAPSICINE FORNUS PLASTER, which at once mitigates these symptoms. Price 25 cents. Ask your physician about it.

FARMERS' COLUMN.
The American Agriculturist for November surpasses in every respect any previous issue of that periodical during its forty three years of existence. It contains over one hundred illustrations, engraved expressly for its columns, by Halm, Cary, Forbes, Trumble, Reed, and other well-known artists. There are four full-page engravings, including the cover, which is a greater number than has ever appeared before in a single issue of the *American Agriculturist*. There are over one hundred columns of reading matter, upon all subjects pertaining to the Farm, Garden, and Household, by such well-known writers as Orange Judd, Joseph Harris, George Thurber, Byron D. Halsted, William Clift, Alfred Trumble, Prof. S. T. Thompson, R. W. Seis, F. D. Curtis, A. B. Allen, M. C. Weld, and a host of others. There are papers on every variety of subject, covering the entire country from Maine to California, and from Canada to the Gulf. Among the leading features of the paper are several fully illustrated articles on Barn Plans and Outbuildings, remodeling barns, etc. The article on "Cattle Raising" in South America is fresh and very interesting. David W. Judd contributes an article on "Prairie Chicken Shooting," illustrating with a full-page engraving. Price, post-paid, \$1.50 a year or the *CARBON ADVOCATE* and the *American Agriculturist* combined for only \$2.00.
