Editorial Mention,

A HAPPY NEW YEAR TO YOU! RALPH P. Lowe, ex-Governor of Iowa, "died at Washington, D. C., on Saturday night last aged 78 years.

PHILADELPHIA's new Post Office, which is soon to be occupied, cost about \$3,-000,000. Its dimensions are, 175 feet 9 inches on Chestnut street, 175 feet 1 inch on Market street, and 484 feet on Ninth street; height of the dome above the curb, 170 feet.

Ox last Saturday the New York Mining and National Petroleum Exchange voted in favor of consolidating with the New York Petroleum Exchange. The latter Exchange also decided by ballot in favor of the consolidation, but the majority vote was very small, and some of the members were of the opinion that it was not large enough to warrant the consolidation. Committees were appointed by both Exchanges to draw up plans for the merging of both into one body.

Chicago News: Congressman Robinnon, of New York, indicated a few days ago that it is his intention to follow up during the present session the asinine, career he began last winter as a howler against Eogland and her government, It strikes us that the interests of this country would be conserved if Robinson and his associates paid less attention to the British lion and more attention to the American eagle. It would be best to look after our own aviary before dipping have before dipping around in foreign zoological gardens.

AFTER St. Louis had experimented unsatisfactorily with wood, asphalt, granite, and other material for pavements, a hundred public-spirited men contributed \$50 each toward a fund to test fire brick for paving purposes. The test was made in the busiest streets. A committee of Engineers and others have just reported "fire brick show all the endurance of granite, and that they make a smoother, cleaner, and less noisy street, and are more easily repaired and give a better footbold to horses; that neither frost nor fire affects them, and that they can be used at less than half the cost of gran-
