ty N. Butaw Se., Baltimore, Md., Cents: "Upon the recommendation of a friend I tried Brown's law Britties as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Concumption. Having lost three daughters by the terrible disease, under the ture of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Inon Britana, also began to mend and now is quite restored to former health. A fifth daughter began as show signs of Consumption, and when the physician was consulted be quickly add "Tonics were required:" and when informed that the cleer sitter was taking Brown's Inon Britana, and the informed that is a good tonic, take it."
