Second Class Mail Matter

## Editorial Mention.

to the Apyccars now, and one year in

in that city, or perhaps in the United States. The issue of that date consisted

of 21 seven column pages of advertise. MORE LIGHT ON THE GAPPIELD CAMPAION ments and highly interesting reading matter. The Trans is, as it well deserves to be, a enccess! "WEILE the iron trade is unusally de-

"WHILE the iron trade is unusally depressed," said James M. Swank, secre-

stage of the Star route agiistion a carefully prepared statement, showing what frauds had been committed on cartain expedited routes. The new President was not only decidy interested but was surprised, and tary of the American Iron and Sicel As see ation, Monday, "there is a hopeful feeling in the trade. It is an encourage stered at once into the investigation. Mr. ibson, following Mr. MacVesph before be Springer committee, said that be hought it rather remarkable that Garheid hould have been surprised, so he (Gibson), ing feature of the situation that all over the country labor is recognizing the condition of affairs and there is little or no

dissatisfaction with the sliding scale of wages. The result is a better feeling between manufactorers and men."

J. B. MOBEHEAD, an iron manufacturer of Philadelphia, has submitted to the Ways and Means Committee of Congress

Where some might be obtained, and sont to "My Deer Hubbell," asking, "What are the department doing?" According to Gibson, the information given to Garfield a long time below showed that Brady and the Star routers had swind bet the Garmenes, our of 25 formation. the following, relative to the manufac Jure of iron at his furnaces on the Schuylled the Gavernment out of \$2,000,000. It Garfield was not fishing for some of it, what did he mean when he wrote Hubbell: "See Skill River; Cost of production: Two tons of ore. \$9 10; one and a halt tons of coal and coke, \$5 50; limestone for flux, \$1;

Bridy was seen, but was immovable to the appeals of Hubbell. "Let Garfield write me what he wants me to do," he said. Gar field did not want to write Brady, and wrote labor, oil and running repairs. \$2 70; actual cost per ton of iron, \$18 30. No allowance is made for interest on capital he "My Dear Hubbell" letter instead invested, or for wear and tear of plant. Ruling prices to-day of the different grades of pig iron at furnace: No 1 fourdry iron, \$20 00; No 2 foundry iron, \$19field months before he was nominated. 00; No 3 may forge iron, \$17 00; mottled A portion of the money was used by Gar-field in operating among the sect known as the "Disciples," whereof he was a bright and shining light, and of whom he wrote to iron, \$16 00; white iron, \$15 00; average

of the five grades, \$17 49. THE decision by the Supreme Court Dursey, there were " 30,000 in Indiana

dends of the hill in the House are not de-Our Northwest Letter. termined. But that it will pass at this sestion there is little reason to dould. The President, before the meating of the Reyab-inen National Convention, will coubless be compelled to decide whether he will ap-MINNEAPOLIS, Marob 15, 1884. The farmers of Maultobs are fairly

be comprised to decide whether he will approve or veta it, or permit it to become a transed, and no little excitement provails for the province of Canada. Meetings are being held, and the action of the govern-to the Present in the Weet, and in this in treating the province as the probably correct. The friends of Porter have never supposed that he would the for dominion purpose, and not the state to the forward for the benefit of Mani-toba, but for dominion purpose, and not a sent-circle of the model.

allowing its legislature the usual powers gust, and was addressed to to semi-circle of conferred by the charter of confederation, is commercial travelers sented on the porch of FARTY SEVENELY CATTOLSES. The apponents of General Porter are much surprised and indignant at the vote of Mr. Sabin, of Minnesots, in support of the till. They say that this vote will

The same time about the starting and the starting and the starting and the starting and presents and prese

The charges made in the cents are of a character which General Porter humself heartily approves. He has never desired to receive back pay, and regreited that the phrase-logy of the House bill made such an interpretation possible.

event remarkable that none of the railroads nave pushed their bites to the very heart of this land of gold and silver, groan beis, sait and petroleum, all of which abound tere. But only a slight sequent-ance with the typography of this section will show that the Hills, like ancient baronal halls, are surrounded with mosts formed by nature, deep and dangerous and eiving the name of manyois terres or that formed by nature, thep and dangerous and giving the name of manyois terres or 'bad lands" to it. The soil is good, but owing to the frequency of these means or canyour, it is difficult to travel over the place, and railt-sed building would be very expensive railr-sed building would be very expensive and, even with the aid of modern engineer-ing, trayeling a read built through these built hands would be more or less dangerous, especially in the spring when the water rishes down the canyons in forrents weep-ing everything before it. Stude raising is followed extensively in this country, and the introduction of Norman stallions for crossing with the Indian mustang has been increasingly carried out, and it is behaved should have been surprised, as no (Grandel) was a year before that, while he (Garfield) was a member of the House of Bepresentatives. When the need of money was pressing in the campaign Garfield seemed to know just

nearly. The Marquis De Mores, our cow boy of gentle blood from la belle France, has just contracted with Aliman, of Fulton murget. New York, for three car loads of Montana dressed towl per day, also with monther firm for one can of Columbia salmon per week. Refregator cars of improved pat-terns will be used to cancey this food to Gotham's Sons, and netwithstanding the

ong haul there is no doubt but that the cheme will be successful. Salmon canning scheme will be successful. Solmon canning is stready a large industry of Portland, Oregon; but it is believed that no prior ef-fort has been made to ship this splendid When the letter was shown to Brady, he acted. A considerable sum was collected from the Star route contractors Many of the names were on Gibson's exhibit to Garyour correspondent would have laid the projector hable to the imputation of insanity, and even how the sged mother size in her chair with uplitted hands and aston-ished countenance as I tell her of this new step toward bringing the east and the west closer and making us more than ever "one people, with one country."

The decision by the Supreme Court that Congress has power to make paper money a legal tender in time of peace gives a new agnost to the silver question. The opinion is rapidly gaining ground the further coinage of silver that it is time contributions was used. Col. James super being him ground the further coinage of silver that it is the contribution of gold to Europe, there exists and the residue is giving him an opportation of gold to Europe, there exists and the residue is giving him an opportation of gold to Europe, there exists and the contributions at any rate, but a paper dollar was no intrinsio salue. After two numbes of matter deliberation, the senate has finally reconsidered its and the senate has finally reconsidered its and the senate has finally reconsidered its and the is diracy, there is a final way a paper currency with no coin basis. The people March, A. D. 1884. would be still worse to have a paper cur-rency with no coin basis. The people have had one trial of that, and are not anxions for another. Is October last two respectable Eng-tish physicians performed the operation Is October last two respectable Eng-lish physicians performed the operation of inserting a tube into the traches of a child as a last resort in a case diagnosed as cronp. The tube becoming obstruct-ed, the father sucked out the occluding membrane, but the child died two days afterward. The father was stlacked by diphtheria, from which he recovered. erons provisions of this treaty, our trade with Mexico, which is now only shoul \$16, 000,000 in exports and \$\$,000,000 in ports should very largely increase. order to get his little home in shape to sup-port himself and family. Farming in summer, logging and we cutting in winter, the energetic man knows no idle days. C NGRESS AROUSED ON THE SUPREME C URT'S DECISION IN THE LEGAL TENDER CAPE.
