LEHIGHTON, PAR BATURDAY, JUNE 14, 1884.

Entered at the Lehighton post-office as Second Class Mail Matter.

made as to the probable course of Han-PER's WESSELY in regard to the nomination of Blaine, a reporter of the N. Y. EVERING POST Monday visited the pub lication house of Harper Brothers in order to obtain an authorized announcement on the subject. In reply to his inquiry, a representative of the house made a statement by authority that Hanran's Wenney will oppose the Chicego nominations, that the decision to this effect was reached by the mambers of the bouse ununimously, and that the pen of Mr. George William Cartis and the pencil of Mr. Thomas Nast will be exerted in the support of this course.

- "There is a personal resposibility resting on every voter," said the Rev. J. Hyatt Smith, ex-member of Congress but now paster of the East Congrega tional Church in Tompkins avenue, Brooklyn, in his sermon Sunday evening. "As the voter looks upon the candidate let him inquire: 'Is he honest, is he capable? We don't want an honest fool. nor do we want a brilliant rascal. If he is not honest before God and man, I will not, and the Christian should not, give his vote to him. We cannot shift our responsibility on to a committee because they nominated, nor can we may looking upon the parties, 'Well, of two evils choose the least.' Of two evils choose neither. The better way to not is to stay home and vote for neither man if neither the office he as ires to. Then take that other czy, with which voters case their conscience, 'the party right or

I believe it will need an affidavit the day after election to constitutions just, equal, and beneficent—the safeguard of liberty and the embediance of the best thoughts and highest purposes of our citizens.

affidavit the day after election to convince Mr. Blaine that he was a candidate."

—Parson Newman of N. Y., Sunday, raid he was sorry that a temperance for the elevation of labor, for an honest current.

It is the first duty of a good government to protect the rights and promote the intercets of its own people. The largest diversity of industry is most productive of general prosperity, and of the comfort and independ ence of the people. We, therefore, demand that the imposition of duties on foreign imports shall be made, not for revenue only, but that in raising the requisite revenues for the Government, such duties shall be so levied as to afford security to our diversified industries, and motection to the rights and

his full share in the national presperity.

Against the so called economical system of the Democratic party, which would degrade our labor to the foreign standard, we outer our excest protest. The Democratic party has failed completely to retieve is people of the burden of unnecessary Nation by a wise reduction of the surplus. The Republican party pledges itself to prect the inequalities of the tariff, and to torrect the inequalities of the tariff, and to reduce the surplus, not by the vicious and indiscriminate process of horizontal reduction, but by such methods as will releve the taxpayer without injuring the laborer or the great productive interests of the companies of the great productive interests of the companies of the ship,

We recognize the importance of sheep ndry in the United States, the serious ssion which it is now experiencing, and the danger threatening its future pros perity and we therefore respect the demands of the representatives of this important agricultural interest for a readjustment of duty upon loreigh wool, in order that such ndustry shall have full and adequate pro-

mot accept the office, for loss the nomination of the state of the sta

Sonething like \$40,000 is spent by members o Congress each session for the printing of ther speeches. An unusual number of speeches were made this session, and over 1,000,000 copies have been printed. Of Some are such and find themselves fully. Morriso speech sione 125,000 copies have been ditributed. The taste for tariff has been gowing rapidly for four or five years, board, quoits, ring-toss and other games, Morrisn's, Hewitt's, Hurd's, Ketley's, Ruswalking on deck, reading, music, debates, gell's, Jandall's and Kasson's speeches have the bet posted upon general topics. He is

The most indifferent man is Eaton, o was Conkling when in the Senate.

Most of the members are very careful of the sea forms a never ending source of entertainment. The myriad flashes of and some change and revise until their light, produced by a diminutive animal speeches could scarcely be recognized by organism, at times illuminate the dark one who heard them on the floor of the waves as they roll from the sides of the House. The new members are particularly whimsical and uneasy, though some never get over their nervousness, no matter how long they have served in the House. Some members are very neat in their speeches. Cox and Hewitt, of New York, come under this head, and another New York man, Skinner, is said to furnish the best copy that goes to the printing office from the

Mr. Morrison is one of the best natured men in the House concerning his speecher and is always very free to make all-wances for errors. Randall is also good natured in thorough business man, and is very prompt in settling with the printer. It is customary to have speeches printed by subscrip ion, each member paying for the number of copies of the certain speech he wants-Mr. Hewitt will not allow this with his speeches. He pays out of his own pocket for every copy printed, and gives them to those who want them. From his quick, pervous manner, he has gotten the reputation of "fussy." But that he is fussy is denied by his printers. They say he is nest and careful but is always pleasant, and never in the least impatient.

OVER-PRODUCTION OF COAL-Combinations to Restrict the Amount of Work done in the Colleries.

Regular Correspondent of The Press. New York, June 11 .- For two months of more the leading companies engaged in the anthracite coal trade have been informally talking of a plan to remedy what is conthe ocean, and hundreds of ships and is done by what is called the coal combina tion, consisting of representatives of the

These corporations fully control the trade ste, ROUND TRIP TICKETS are issued a as producers or carriers of coal, or both, very greatly REDUCED RATES from every Before the combination was formed there part of the North by applying to the Comwas frequently ruinious rivalry between these companies; any one of which could then and now destroy the entire business by abandoning the combination and setting up its own prices. The reason why this is possible is because the anthracite mines are capable of producing in nine months as much coal as can be sold in one year. The full time output is about \$90,000 tons weekly, or 41,500,000 tons manually. Last year the production, which was greatly swelled by certain railroads in order to make a good

their men much larger wages than other industries. The unskilled laborers at the MEXEX WATTERSONA few days ago, in an interview with a reporter stated that "Mr. Tilden's resolution not to allow the use of his name, or to accept nemination has been inexorable since 1820. He has communicated this resolution to his fired with the greatest and or and decision. He has at no time equivocated or he has at no time e iain percentage of the estimated tonnage for a year to each company, coal could be produced much cheaper than by the present plan of stopping work at odd times.

If a company's production were so much it could shut up its unprofitable mines and work full time at its profitable operations with greater profit to the miners, who would have steady work, at perhaps less wages, and to the owners of the mines the result would be that a portion of the population of the mining region, who now live from hand to mouth on uncertain wages, would seek other employment, and in a few years the trade would get down to a healthy busis.
