

Tenant Farmers WHY PAY HIGH RENTS!

Why be Subject to LATE AND EARLY FROSTS?

Which Kill Your Young Plants and Injure Your Crops.

Read the Terms to Tenant Farmers Given by North Carolina Land Owners.

The Immigration Bureau of North Carolina have in charge some improved farms for rent in Northern tenant farmers on the following conditions...

ADVANTAGES OF LOCATING IN NORTH CAROLINA.

CLIMATE.—While the cold is not so severe, the temperature of mid-summer is not excessive or trying as farther North...

THE SOIL is of a variety of composition—clayey, gravelly, lime stone, slate, sandy loam, etc. This variety of soils and the mildness and advantages of climate will account for the variety of products...

SOCIETY.—No section in the Union has better executed laws. The blessings of political, civil and religious liberty are no where more fully protected than in N. C.

IN GENERAL.—The great fertility of our lands, the mildness of our climate, free from the scorching and withering heat of the South and the extreme cold and frozes of the North go to show that North Carolina is surely the most favored agricultural section in America...

Mr. Anton Grandcolas, Belleville, Illinois, writes that he was cured by the use of St. James' Ointment of the great pain reliever...

The Country House answering an inquiry says: "Yes, you ought to have the interior of your fowl house dry always. If you lay on a natural knoll to build it upon, you should raise a little mound of earth a foot or two high, so that the rain water will drain away from the building in every direction..."

All farms advertised by us for rent have dwelling-houses and out-buildings on them. Being a regular employee of the Agricultural Department of North Carolina, I make no charge for information given, or services rendered, past or seeking home in the State. I will be pleased to furnish descriptive lists of lands offered for sale in North Carolina to all persons who will write me.

MISCELLANEOUS. An exchange says: "A popular actress creates a sensation by lighting matches on the sole of her slipper." We cannot understand why that should create a sensation. Now, if she should light a match the way a man does—but, of course, she couldn't.

Sold by all druggists. See adv.
