DEMOCRATIC COUNTY MEETING.

The Annual Democratic County Meeting will be held at the Court House, in the Borough of Mauch Chunk, on Monday, August 19th, 1884, at one o'clock, P. M.

The New York Tribune's adulation of Mr. Blaine is of the most fulsome kind.

One can hardly realize that it was only eight years ago that Col. J. Whitelaw Reid declared in the columns of the Tribune that Mr. Blaine was "a bully through calculation."

The New Orleans "World's Fair," to be opened next December, was first intended to commemorate the centennial of the shipment of six bags of cotton from Charleston, S. C., to England, in 1784; but its scope has been enlarged so as to embrace all industries.

CHICAGO NEWS: The kind of crew Mr. Charles A. Dana is called upon to mediate is most unpalatable.

A reference to the files of the New York Sun of 1883 develops the fact that on the 6th of January Gov. Cleveland was termed a greenhorn and an incompetent; that on the 7th of January his ability was seriously questioned; that on the 9th of January he was termed a mere politician, etc.

The prohibition vote in Illinois this year is likely to surprise a good many people.

The movement is headed by men of irreproachable character, splendor of ability, and large wealth. Heretofore the prohibitionists have been slow about donating money to campaign funds, but this year they have been liberal almost to extravagance.

CALL IN THE EXHIBITS.

Philadelphia Times: The candidates about Presidential candidates have now reached a point where they will cease to be regarded as effective. It is a point also where party interest on either side will doubtless compel their suppression.

In Foreign Lands.

From our own Correspondent. R. M. July 30, 1884. The result of our deliberations at Louisiana was a slight change in our programme, we decided to go on to Rome at New York way of Geneva, Lyons and Turin, and to leave St. Blanc, Milan, Venice and Florence until our return from the Eternal City.

The column to which Bonivard is said to have been chained has, like the rest, deep indentations in the rock around it and the massive ring to which his chain was attached is still seen. It is a gloomy spot. Among the rooms exhibited to visitors is one with a huge rock upon which the condemned prisoners passed their last night. Adjoining this is the execution room which formerly had an opening into the lake, by which the bodies of the victims could be easily disposed of.

FROM WASHINGTON.

Special to the CARBON ADVOCATE. WASHINGTON, August 8, 1884.

While Washington has never been particularly proud of her booties, she never supposed that any of her very best was to be turned down upon the heads of guests without a moment's warning.

By the second volume of the "Blue Book," which has just made its appearance, we are made acquainted with a good many of the minor details of office holding which fall to reach us through the ordinary channels.

When postmasters were paid salaries in proportion to the number of stamps postmastered even at the remotest cross roads office, and the demand for stamps in these small offices became so great that Uncle Sam began an investigation into the fact that postage stamps had become the staple currency of the realm.

demands that business makes. This change is in the use of alcoholic liquors. A striking illustration of it was to be noticed during the canvass for the speakership. Not a single glass of liquor was set out by any of the candidates. I did not see a single member of Congress under the influence of liquor during that canvass, nor have I since. The barkeepers and the hotel proprietors say that the decrease in bar-tipping is so great as seriously to curtail receipts. The three leading candidates for speakership used to use stimulants sometimes to excess. Two of them are now total abstainers and have been for some years, while the third only uses wine in a moderate quantity at his dinner.

and affairs are just as much of public property as those of Governor Cleveland. This does not alone refer to the present but to the past. No matter whether they are now members of the church and repented of the iniquities or not. There would be just as much sense and propriety for us to go and write up the past actions of those politicians and have them spread broadcast under an anonymous head as there is in their distributing the Telegraph. We venture to say that they may yet be subjected to their own diabolical invention. We hope this will be stopped, if not it will behoove the Democrats to invoke retaliatory measures.

FOR ASSEMBLY.

I hereby announce myself as a candidate for the nomination and election of a Democratic Representative for the next Legislature. Whether elected or defeated, I shall continue to labor for the complete overthrow of all monopolies and the various means and agencies which are continually employed to oppress the poor, firmly believing that neither Nature nor God ever designed that the poor should be, as they now are, virtually the slaves of the Plutocracy—better known as the MONEY POWER.

George W. Reiser, of Weatherly, announces himself as a candidate for the office of County Treasurer, subject to the decision of the Democratic Nominating Convention.

Henry Boyer, of Weissport, Pa., will be a candidate for the nomination for County Treasurer, before the Democratic County Convention, according to the rules of the party.

Chas. E. Miller, of East Mauch Chunk, will be a candidate for the nomination for County Treasurer, at the Democratic County Convention, subject to the rules of the party.

Andrew Gravel, Jr., of Weissport, Pa., subject to the rules of the Democratic County Nominating Convention.

John Arner, of Weissport, will be a candidate for the nomination of County Commissioner before the Democratic Convention. Subject to the rules of the party.
