## ALL SORTS.

-The young man who sows wild oats is apt to reap his sown.

-A young lady who was sadly inexperienced sent a rich widower of her acquintance a pair of plush bellows as a New Year's remembrance, and now they don't speak. At

least he doesn't. -An exchange says that for a variety of reasons it is a good thing for a young lady to learn how to support herself.

Probably one good reason is that corset strings are not always to be depended upon in an emergency.

-A New York coachman has taken a new departure. He didn't run away with the millionaire's daughter, but eloped with the plain, everyday governess of the millionaire's children. This man

deserves a leather medal. -A woman in town became so interested in a poetical calender for the new year that she tore off all the leaves to read the sentiments expressed thereon. That of

December 31, 1885, has the waste

proverb, quite appropriate in her case; Haste makes -Penitentiary Official-"If you have any trade, prisoner, state it; " Prisoner

just entered)-"Well, boss.

I was brung up a bartender,

and I'd like to work at that.'

Stock Farm, Grosse He, Wayne Co., Mich. in law." SAVAGE & FARNUM, PROPRIETORS.

# FARMERS' COLUMN

A Windy Day in March. No portion of the year so tries the cheer-

are apt to think with something akin to envy, of the English farmer, whose weather comestrue to the almanac, and whose spring, if it does not begin in March is not deferred until May, but borrows the inter days of February. Even in the generally

genial elumate of England, March is proverb fally a blustering and uncertain month ing, because it leaves a very unpleasant their language names for March which Even in our ers the Anglo-Saxons had in meant "rugged month," and "stormy -" For (country and comfor, every apring, we uss Hood's Screet grilla," writes had berrowed three days from April, and

> proyerb, which is said to be still in use he the rustics in parts of England and Scot dave:

"The first it shall be wind and worth The text it shall be mow and sleet; The third it shall be show and sleet; Shall gar the binis shok to the trees." With us, in some years, this ancient

description of its last three days will apply to all the others that precede them. The thoughtful farmer will the more patiently endure the bluster of the month, if he thinks of the part these uncomfortable winds play in preparing his lands for the

plow. A March wind is proverbially a -Mind and body alige suffer from slugdrying one, and it takes up the moisture gish action of the blood, the result of dyi- jest by melting snows with an estonishing pepuia or billiousness. Aver's Pills will rapidity. These winds are even fertilizing stir up the liver, excite the stomach and his fields. As they rapidly remove the howe's to activity, spen the porce of the water from the surface, more comes up system, and insure health of body, which is from below by capillary attraction, bring indispensable to mental viger. ing with it the plant-food it holds in solu --If a man really knew himself to be so tion; as this in turn is evaporated, whereve
