MACAULAY'S Peer

"Guizot is the Ma-caulay of the history of

France. His narrative

is full of emotion, like a quick stream; his char-

icters rise before us as

in the flesh; they are

men and women, not

historic lay figures. It

is as charming as any romance. There is only

one draw-back . . . it coms more like getting

a present than making a

purchase." - Dominio Churchman, Toronto.
