cults a sparte. -When a young woman marries a man for his money, would it be proper to say

that the man has married his "hired girl." "I never patronize patent medicines Don't you? Why not? You patronize patent medicines Don't you? Why not? You patronize patent? articles of a bundred varieties—why not justent medicines. "Because they are often worthless." True, but not always. Frequently they are the very lest in the world, representing the widest experience. At least we know that Dr. Kennedy's Faverite Remedy is one of these, and for all troubles of the blood, liver and urinary or gains it stands on its merits, and not on adjusting.

-Carl Pretzel says: A cent vat you find yas worth more as two cents wat you lose. -A dude's trousers beat a breacht of contract all to pieces. They are breeches of Amputation of the Leg.

Money is the universal prosessity, and none but a capie or a 6001 will affect to displie it. Mr. Abram Ellaworth, of Port Ewen, Ulster-County, N. Y., had realised this truth. His diseas involved the whole of his thigh-hone, and the suffering man looked, not without apparent renson to death as his only deliv-erer. The family physician reluced to ampotate the Bulb, asserting that the operation would bill the patient on the spot, Dr. DAVID KENNEDY, of Rendous N. Y., and amputated the limb. The doctor then administered freely, his great Blood Specific FAVORITE REMEDY to afford tone and strongth to the system and provent the remains to day in the bloom of health. This gentlemen's divense was the offspring of foul blood, and Kennedy's FAVORITE REM-EDY purified the blood and restered to him the power to ones more enjoy his life. Are you suffering from any disease traceable to the same cause? Try Pavorite Remedy. Your draggist has it. One Deltar a bottle. Bear in mind the proprietor's name and Ed-gress, Dr. David KENNEDA. Rondaut,

To keep the blood pure is the principal end of inventions and discoveries in medicine. To this object probably no one his contributed more signally than Dr. David Kennedy, of Rondont, N. Y., in the production of a medititle of the "Favorite Remoty," It removes all impurities of the Bloor, regulates the disordered liver and kidneys, cures constipution, dyspepsia and all diseases and weaknesses peculiar to females. apro lua

FARMERS' COLUMN.

Recipes for Every Rome. Beef Soup. Three pounds of lean beef, with a marrow bene; a ham bene, if you you have it, or half pound of lean from ; one turnipe, one onion, one carrot, quarter of a cubbage, three stalks of calory, three quarts of cold water. Balt and pepper to taste. Cut the mest fine, and crack the bones. Put them in a not with a close top, cover with one quart of water, and bring slowly to a boil; the slower the petter. When it begins to bubble, add the other two quarts of water, and boil slowly for three hours - two hours with closed top and the but with it slightly lifted. Wash and peel the turnin, carnst and onion; scrape the celery and wash with the cabbage. Cut all into dice, and lay in cold water, slightly salted, for bull an honr. Stew the earrot by itself in hot water until tender, then set aside to cool. Put the other vegetables on all together, in enough cold water to cover them, and let them boil to pieces. Strain them balf an hour before taking up the soup, and press to a pulp. Return the liquid to the saucepan, throw in a little salt, and let it boll up once to clear it; skim and and to the soup. Pat to pepper and salt, nabes the num has salted it enough, and boils covered, twenty minutes. Strain into an earthen dish ; let it get cold enough for the fat to rise. Skim off all you can. Rinse the pot with water; return the soup to it; boil briskly one minute, and throw in the carrot. Skim and serve.

Turkey Soup.-Break up all the bones of one turkey; add one pint of soaked split pess, and three quarts of water. Put it on early in the morning; add a little celery and salt for flavoring. Season with papper and salt, and boil slowly until noon. Strain. Sago Soup .- Take good, clear, soup stock ; remove the fat from the top and strain, Bring to a boil, and stir in half a cup of pearl sago, which has been washed and scaled for half an hour in tepid water, or three hours in cold. Season if needed. Simmer half an hour, and pour out. Send around grated choose with it.

A Walking Skeleton.

Mr. E. Springer, of Mechanicaburg, Pa., rites: "I was afflicted with long fever and absects on lungs, and reduced to walking selecton. Got a free trial bottle of Dr. King's New Discovery for Consumption, which did me so much good that I bought a will a did not be the same a good that rought a didlar bottle. After using three bottles, found myself once more a man, completely restored to health, with a hearty appetite, and a gain in flesh of 48 lbs."

Call at T. D. Thomas' drug store and get free trial bottle of this certain cure for

ung Diseases. Large bottles \$1. Mariposa Lilies.

The writer of this well remembers the est living Mariposa Lily he ever saw. Having crossed the Colorado Desert on foot, dephreak found us on the western edge of the desort, where there was water, but in all other respects the face of the country was but a continuation of the dreary waste we and just crused. Here we found a flower which appeared to be an much out of place a jewel on the ash-heap. This flower ental effort required to convince ourselves hat a flower of such exquisite beauty uld have really been spontaneous in the idst of the barren decolation which sursunded it. There are not far from thirty species of colo chortus in the territory between the Rocky Mountains and the Pacific, and ranging from Mexico to British series. The plants have a solid builb erm), with a membraneus, rarecy fibrous sating. The stems grow in hight from MERCHANTS who desire to ree mehes to two feet, are usually wavy ad branching ; the few narrow leaves are offical, with some on the stem, which are reping The flowers are borne at the ends Tthe branches, or sometimes in an umber like cluster. The general structure of the lowers is that of the Lily Family, to which the genus belongs. The three outer divisions of the flower are smaller than the thers and calyx like. The inner three, or pounts, are very bread, and each with a large land or jut near the base, which is often be satisfully crested or hairy. The different species present a great variety of colors-Howard Electric white, pale yells w, orange, blue, and differentlabudes of curple being among them, Magnetic Shield with markings and spots of brown and

with markings and speak of brown and other colors, unking them yery showy. Of course, plants so exquisitely beautiful as the Marposa Linkers observable of brown and other colors, unking them yery showy. Of course, plants so exquisitely beautiful as the Marposa Linkers observable of their culture and to have not been attended by marked success.
