

Our Carbon Advocate.

LEHIGHTON, PA. SATURDAY, MAY 23, 1885.

After a long struggle Gen. John A. Logan, on Tuesday last, was re-elected U. S. Senator by the Illinois Legislature...

The Haleson Plain Speaker has put on a new spring dress, and looks just as spry and saucy as a sweet sixteen on her first Sunday "outing."

Chas. B. Staples, of Stroudsburg, has been appointed to succeed E. H. Chase, this (Twelfth) district Internal Revenue Collector, suspended.

A new complication has recently developed in political politics in this State. The lines had been drawn for a hand-to-hand fight between the two famous bosses, Col. M. Quay and L. Magee.

The certain has fallen, the drama has ended, and most of our favorite actors have "taken their flight" from the scene.

reserve and the payment of interest on the public debt and of the ordinary expenses of the Government in silver dollars.

As to the effect of this probable suspension of gold payments and the substitution of silver, we repeat what we have often said before. The change will not be the calamity that many suppose it will be.

We await the event with curiosity, but without the least apprehension.

Eight thousand children deprived of the advantages of a common school in New York city for want of school facilities, is only a duplication of the condition of things that exist in the enlightened and civilized nations.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients.

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1874; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country.

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious substance."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome."

The above facts combined with a climate that has a mean average temperature of 40° above zero during the month of January and a mean average of 67° during July, should convince the intending emigrants that Oregon is a land of promise.
