DOING MUCH RETTER. As suggested in our last week's isage, as to the cleaning out of gutters and the carting away of the garbage which had accumulated in the same during the past year, our Supervisor, with the assistance of a gang of men, has been busily en-gaged during the past week in this im-portant work. This is a very commend-able procedure, and the council deserve to be complimented in their ready com-pliance to the demands of the able procedure, and the council use to be complimented in their ready compliance to the demands of the people. Bank street now is, indeed, in a very good condition—being cleau, and the stench arising from the gutters which formerly was so prevalent has now almost entirely disappeared. Now, if prompt measures be taken by the council to have the "stinking ditch" along oil to summer resorts anywhere in the Valley. The wish of the taxpayers is that they keep at it. Now, gentlemen, do your duty!

Several of our most respected and order loving citizens have recently called our attention to the fact that crowds of large sized boys congregate on the corners of our principal thoroughfares in the evening, and take especial delight in in-sulting ladies as they pass along and spitting tobacco juice over the pavement to the annoyance of pedestrians. Others throw parlor matches upon the pavements, which when trod upon explode and burst out in a flame, to the great danger of setting fire to ladies garments.
