March 29, 1834—4f. rows, and strip the limbs, by a rapid movement of the hand, from tip to base. If the leaves are ripe, they drop almost with the touch. 'The strippers are paid sometimes by the day, and sometimes by the hundred or thousand. The most unpleasant stripping is that of goose berry bushes, and is performed with leather gloves. Sometimes the bushes are buried for a few days in moist cellarsand, when the leaves blacken and drop off. All this increases the expense of handling trees in the fall, and in the case of peach trees, many perfer not to sell until spring, or until very late in the fall, unless a good price can be obtained. The removal of the leaves before the ripening of the wood, causes the shoots to shrivel and die, and though The Children is a state of the cutive tree may not be lost, its sping and summer Address J. Agriculturist. An Enterprising, Reliable Hense. T. D. Thomas, druggist, can always be relied upon, not only to carry in stock the best of everything, but to secure the Agency for such articles as have wellknown merit, and are popular with the known merit, and are popular with the people, thereby sustaining the reputation of being always enterprising, and over reliable. Having secured the Agency for the celebrated Dr. King's New Discovery for Consumption, will sell it on a positive guarantee. It will surely cure any and every effection of Threat, Lungs, and Chest, and to show our confidence, we invite you to call and get a Trial Bottle Free.

Horses' Tails. A little skill and training on the part of the driver, will prevent annoyance and danger from the horse getting his tail over the reins; and every horse should be especially broken to feel the rein beneath his tail, and to bear the pull necessary to remove it, without any exhibition of nervousness. So sensitive is the tail, that if a horse has not been accustomed to feeling a rein under it, when it occurs for the first time, he may, if spirited prove fractions, and even unmanageable. As it Is an occurrence likely to happen at any time, every horse should be broken to it; that is, not only not to mind it, but not to turn his head. when he feels the pull upon one rein, which is intended to disengage it. In general, this is easily accomplished, and as this is the only inconvenience to the driver arising from long tails, we are particular in showing how both the annoyance and trouble from it may be avoided. The annoyance which some-times comes from mad or arit telesgit; but set down on something hand, and you wen't want to set there for the court of the court

man got up in a vague state of mind the other morning, and feeling around in the dark for his socks, got hold of his wife's striped stockings. When he pulled them on and stretched them up he felt so completely dressed that he didn't think of putting on anything else. but went mooning around until he found a lamp, and fell to the floor in r fit of terror at the sight of his legs. When they restored him to conscions ness they couldn't make him believe that the house hadn't been burglarized by a circus clown or an escaped convict because, he said, "I saw him the minute I struck the match, just as plainly as I sen you now. Nobody's safe in these awful times.22

ALL SORTS.

-The Hawkeye says: A West Hill

-A good anecdote is told of a house painter's son, who used the brush dexterously, but who had acquired the habit of putting it on too thick. One day his father, after having scolded him for lavish daubing, and all to no purpose, gave him a severe flagellation. There, you young rascal," after performing the painful duty, "how do you like that?" "Well, I don't know, but it seems to me you put it on a thundering sight thicker than I did," whined -It is the Burlington Hawkeye that

remarks as follows: Edward Everett Hale rushed into print about it and made a great fuss, just because a woman he met didn't know anything about it. If Edward had ever met the woman on our opinion on the powers of returning cards and qualifications of electors, and says that the results of the unofficial anvass of the poll-books so cast do not turns in all states so polled, and the elective franchise could by no mean inure to the decision of an electoral college thus chosen, or otherwise not; and drowns the rattle of wheels in that strain for the next fifty minutes, he would go back to that woman who doesn't know the difference between a commissioner of highways and President of the U.S. and marry her.

-At a dinner party there were two sisters present, one a widow who had just emerged from her weeds, the other not long married, whose husband had gone out to India for a short term. A young barrister present was deputed to take the widow down to dinner. Unfortunately he was under the impression that his partner was the married lady whose husband had just arrived in India. The conversation between them began with the lady's remarking how extremely hot it was, "Yes, it is very hot," returned the young barrister. Then a happy thought suggested itself to him, and he added, with a cheerful omile, "But not so hot as the place to which your husband has gone." The look with which the widow answered this happy thought will haunt that young barrister until the day of hi

-One of our Nevada ranchers, says the Reno, Nevada, Gazette, sent his wife East to see the big show in Philadelphia, and followed in about three months himself. The worthy comb stayed with relatives, about ten miles BOOTS, SHOES, from Philadelphia, for six weeks, and upon returning to the land of the sage brush was asked for particulars in regards to the exhibition. "Well," said Hats, Caps, was visiting round afore I went, and didn't get to the city, and when I got he, "I'll tell you how it was. My wife UMBRELLAS, &c., his buckwheat, and they kept us so busy belpin' 'em that I didn't get to the -Last Sunday morning Squibs and a

riend were late in starting for church They stood on the corner and motioned o the driver of an Eighth street car who looked right straight at them, and

then gave them a lively chase of nearly half a block to reach the car "Let us off at Buttonwood," said they to the conductor, and he bowed in a very complacent and condescending manner tha he would do so. The expression of his face was such that all doubt was in stantly set at rest. The first sound that issued from his lips, however, was Girard Avenue! A remonstrance elicited, with the same confidental and bland assurance, the information that the car on Fifth street runs back across Button wood. They reached the church just as the service was out. "Do you know, Squibs," said the doctor, "that I often vonder what we should do without these street cars. They are so conven ient this sloppy, bad weather; the con ductors are so obliging, gentlemanly thoughtful." Squibs was struggling in

pened to want. It was bound in yellum and by the lapse of time the skin had secome separated from the cardboard to which it had originally been pasted. On reaching home, and when about to commence the perusal of his purchase, he noticed something between the vellum and the boards. Without much thought as to what he was doing, he unfolded the vellum, when, to his great delight, he saw what proved to be nearly a whole pack of very rare and ancient playing cards. After keeping his treas- our principal office located in Washington, eres for some little time and exhibiting them to his friends, he was at last induced to part with them for a considerble sum to the British Museum.
