"It Saved My Life"

to present

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Fectoral. * I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles. - E. Erngdon, Palestine, Tex.

About six months ago I had a severs Hemorrhage of the Langs, brought on by a distressing Cough, which deprived me of sleep and rest. I had used various cough balaams and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral. I did so, and am happy to say that it helped me at once. By continued use this medicine cured my cough, and I am satisfied, saved my life.—Mrs. E. Coburn, 18 Second st., Lowell, Mass.

Coburn, is Second at., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe I should have been in my grave, had it not been for this medicine. It has cured me of a dangerous affection of the lungs, for which I had almost cospaired of ever tinding a remedy.—D. A. McMullen, Windsor, Province of Ontario.

Ayer's Cherry Pertoral saved my life Ayer's Cherry Perford saved my life.
Two years ago I took a very severe Cold
which settled on my lungs. I consulted
physicians, and took the remedies they
prescribed, but falled to obtain rollef
until I becan using Ayer's Cherry Pertoral. Two bottles of this medicine
completely restored my health.—Lizzla
M. Allen, West Lancaster, Ohio.

Ayer's Cherry Pectoral, Brepared by Dr. J. C. Aver & Co., Lowett, Mass. Sold by all Drugglats. Price \$1, six bottles, \$1

The Care of Ducks Ducks are a very pleasant feature of farm yard surroundings In the last of winter and early spring they are sociable and busy enough, especially on warm days, and begin to lay very early. The duck almost always lays her egg between six and nine o'clock. So the flock must be kept shut up until all have laid. We have found ducks to do better if they can be confined at night, in winter, in a shed where the horse manure is thrown out, than anywhere else. The heaps of A lecture on the nature, treatment and manure heat somewhat, and the ducks radical cure of Seminal Weakness, or Sper-instorthes, induced by Self Abuse, In-voluntary Emissions, Impotency, Nervous Debility, and Impediments to Marriage Debility, and Impediments to Marriage generally; Consumption, Epilepsy and Fits:

Thousands of permanent cures verify the truth of this statement. No medicine can show such a record of wonderful cures. Thousands of once hopeless sufferers now gratefully proclaim they owe their lives to this New Discovery. It will cost you nothing to give it a trial. Free trial bottles at T. D. Thomas' drug Free trial bottles at T. D. Thomas' drug store. Large size, \$1.

Forcing Rhubarb and Asparagus. eracticed is to dig up, in the fall, or at any time during winter when the ground is not frozen, a number clumps with as many roots attached as possible, and place them close together in a cold frame, sprinkle fine soll between and over them, water coplously with lukewarm water, level again with soil, cover all with a few inches of dry leaves and put on the sashes. The subsequent care is the same as required for ordinary is imposition of print is the same as required for ordinary conditions. Government of the cold-frames, giving air on mild days, cold-frames giving air on mild days, cold-frames giving the income cold-frames giving the theory is the cold-frames giving the cold weather. Water is rarely needed, as the leaves were given that the cold-frames given the cold-fra prevent rapid evaporation. When cold frames are not available, the roots may be taken into a warm cellar, under a window if possible, and covered with soil and leaves, or straw. Plants in a cellar need more water than in a frame, and the water given should always be lukewater.

Another, and very easy way to forward Rhubarb, is to turn a one-headed barrel over a strong plant, and bank fresh horse-manure all around and over t. The bottom of the burrel should have several holes bored through it to facilitate the escape of superabundant heat and gases, else the stalks are apt to grow up sickly and decay .- Am.

After Diphtheria.

Diphtheria is a terrible disease, requiring the greatest medical skill to effect a complete cure. Even when its power is broken, it clings to the patient with great persistency, and often leaves the system poisoned and prostrated. Just here Hood's Sarsaparilla does a vast amount of good, expelling impurities from the blood, giving it richness and vitality, while it renovates and strengthens the system.
