Are constantly exposed to danger from Colds, Whooping Cough, Croup, and diseases peculiar to the throat and lungs. For such allments, Ayer's Cherry Pectoral, promptly admints. tered, affords speedy relief and cure.

As a remety for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much satisfaction. Ayer's Cherry Pectoral. For this affection, we consider this preparation the most efficacions of all the medicines which have come to our knowledge—Mary Parkhurst, Preceptress, Home for Little Wanderers, Domaster, Md.

My children have been peculiarly subject to attacks of Croup, and I failed to find any effective remedy until I commissed administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint.—David G. Starks, Unaham, Columbia Co., N. Y.
