"Phosphate Warehouse."

We have just finished our New Warehouse, which will be devoted exclusively to the storage of a Complete Line of

Fertilizers. All our brands are manufactured by Old Established Firms, and are on record at Harrisburg. The 101 tons of Williams, Clark & Company, High Grade Fertilizers,

which we sold last year, is a sufficient guarantee of their merit. This year, in addition to the old brands, we have the

BUFFALO HONEST FERTILIZERS, which are very highly recommended throughout the agricultural districts of our own and adjoining counties. On account of the large amount of lertilizers handled by us every year, we are able to buy cheaper than small dealers and the benefit we give to our customers. We warrant our Phosphates to be in good condition. Our " Americus Brand" and 'The Buffalo Old Honest' have never failed to bring good crops. To accommodate farmers who have but small patches of ground, we have a very good phosphate done up
