TO PREVENT SMUT IN SEED WHEAT. The Northwestern railroad has issued, brough General Freight Agent Me-Cullough, a little pamplet of great nterest to farmers, dealing with the uestion of smut in wheat, which has after being troubled with it for years. In this, and all other diseases arising from impure blood, there is no remedy with which I am acquainted, that affords such reliof as Aver's Sarsaparilla—R H. Lawrence, M. D., Baltimore, Md. soft varieties of spring wheat, but it is

low making its appearance in the lakota or Phyfe wheat. It is stated hat the smut can be stamped out by ising a solution of blue vitriol, comnonly known as bluestone. From one o two pounds of the vitriolare to be dissolved in a gallon of water. The seed wheat is placed in coarse bags holding from lifty to slaty pounds, tied osely and placed in the pickle from five to ten minutes, turned over often longh to allow every grain to be thoroughly soaked, and then lifted out and illowed to dry. It is stated that this iregiment will infallibly dispose of smut and cause the wheat to grade much higher, Six pounds of vitriol will be sufficient for a ton of seed wheat.

Ladies' Occupations.

The opportunities for ladies to find em-ployment that is both suitable and reand energy-le lady to take the exclusive sal of them, and we certainly think that in carriest solicitation in every knowled would meet with a ready response, and this determined woman could make a hand-once salary and he very profinale. Would be very profinale. Would be send to this semanary te mane an platess (highly written), and mention the apper. Address The Cholmant Suspende Co.,170 Main Street, Ciuclanat, Odio.

Sound SENFE .- If the farms of the northwest generally are to be preserved n their fertility, it will have to be done by clover and by being largely devoted o grass, so that the offal will remain on the farm. It is lille to even think of increasing the productiveness of our lands, or preserving their present conlition by commercial fertilizers. Farm can be kept up to their full production by natural agencies, which every prudent man can control. And yet threefourths of all stable manures in this state are wasted, thrown into rivers, etc.

CO-OPERATIVE DRAINAGE .- Drain The highest known point in the Long Lond age districts are formed in Hillinols, vary Pine Belt of the South. Free from undaria. ing from 10,000 to 40,000 acres in extent age districts are formed in Illinois, vary-Pine Belt of the South Free from malaria.

Many Northern people are now building winter residences at the Pines. Reference is given to H. E. Parker, E1 United Opin fon, Bradlord, Vt., L. A. Young, EL Ledex, Lishan, N. Y., H. N. Harris, Ed Republicans, Glen Falls, N. Y., H. P. Chark, Ganerial Passenger Agent, 229 Brondway, N. Youk, SOUTHERN PINES RESORT CO.

Evinenia Office, Review, N. C.

Formeria Office, Review, N. C.

Grand from 10,000 to 40,000 acres in extent, according to the smaller districts have been completed, and their success gives confidence to others. Farmers owning these lands make a common fund, according to the drainage required. The work is done on a large scale, with every possible help from machinery, and much more cheaply and effectively than any farmer could hope to do it unaided and alone.

> A Demarkable Tscale. Mrs. Mary A. Dailey, o Finklian-nock, Pa., was afflicted for six year-with asthma and broughitis, during which time the best physician could give no relief. Her life was despaired of until in has October she trocured a bottle of Dr. Kings New Discover, when immediate relief was felt, and by con-tinuing its use for a short time she was completely cured, galaing in flesh 50 bs. in a few months. n a few months. Free trial bottles of this certain cure of all throat and lung diseases at T. D. Thomas' drug store. Large bottles \$1 Look out for the swindler.

Here is another trick that needs watchng: One sharper agrees to buy a mer's land, and pays him \$25 to bind he bargain. Another comes along and offers him \$500 more, and gets the promise of it, if the farmer can buy off No. 1, who soon comes around and insists on the fulfillment of the contract, but will give up for \$200. This the farmer agrees to, and pays back the \$25 and the \$200. and the second purchaser never turns

ROOTS FOR LATE USE .- By this time the white and early turnips will be pithy and of but little value for feeding. Rutabaga or Swedish turnips keep later, and in pits may be preserved fit for use until a fresh bit of grass can be had. It is toward sping that most roots are needed, for it is then that cows and ewes need green food to stimulate milk production for their young. These facts should be remembered in deciding what

noots to plant next season. The Baltimore Epizcopal Methodist says: "Simmons Liver Regulator is diseases prevail.15

CLOVER AND GRASS.-These may be The celebrated author, in this admirable sown about this time, and preparations The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self abuse may be radically correctly pointing out a mode of once at once simple, sextain, and effectual, by means of which ever sufferer, no matter what his condition may be, may core himself cheaptly, privately and readically.

LIVER REGULATOR

For all Diseases of the Liver, Midneys, Stomach and Spleen. Liver, kidneys, Stomach and Spisen.

The purely vegetable preparation, rose so calchined as a Family Medicine, originated in the Soula in 1828. It am grafty on the Bowels and Eddneys and corrects the action of the Laver, and is, therefore, the best preparatory medicine, whatever the significant of the Laver, and is, therefore, the best preparatory medicine, whatever the significant may not be a last common diseases it will, unassistent by any other medicine, effect a speedy cure.

The Regulator is safe to administer in any modition of the system, and under no elicitumstances can it do inarm. It will invigorate like a glass of wice, but is no intanciating bayes, age to lead to incomprisee; will promote dispersion, dissipate bendache, and gener-

No loss of time, no inter-ruption or stoppage of business while taking the Regulator. Children complaining of Cotic, Hondacho, or Sick Stomach, a teaspoonful or more will give relief. If taken occasionally by pa-tients exposed to MALARIA, will expel the poison and protect them from attack.

A PHYSICIAN'S OPINION. I have been practicing medicine for twenty years, and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly one effectively move the Liver to action, and at the same time aid (instead of weak-coing) the digestive and assimilative powers of the system I.
