WHAT IS DYSPEPSIA?

Among the many symptoms of Dyspepsia or indigestion the most prominent are: Va-

riable appetite; faint, gnawing feeling at pit of the stomach, with unsatisfied craving for food; heartburn, feeling of weight and wind in the stomach, bad breath, bad taste in the mouth, low spirits, general prostration, headache, and

constipation. There is no form of disease more prevalent than Dyspepsia, and none so pecullar to the high-living and rapid-eating American people. Alcohol and tobacco produce Dyspepsia; also, bad air, rapid eating, etc. BURDOCK BLOOD
