LIVER REGULATOR

Liver, Eldneys, Stomach and Spleen.

This purely vegetable pre-paraion, now so ocid-rated as a Family Medicine, originated in the South in 1828. It acts gently on the Bowels and Kidneys and corrects the action of the Liver, and is, therefore, the best preparatory medicine, whatever the sickness may prove to be. In all common diseases it will, unlassisted by any other medicine, effect a speedy cure. Regulator is ask to administer

The Regulator is ask to administer in any condition of the system, and under no electrom-stances can it do harm. It will invigorate kke a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dissipate headache, and generally tone up the system. The dose is small, not unpleasant, and in virtues undoubted.

No loss of time, no inter-ruption or stoppinge of business while taking the Regulator.

Children complaining of Colle, Hendasche, or Sick Stomach, a temponimi or more will give relief.

If taken occasionally by patients exposed to MALARIA, will expel the poises and protect them from attack.

Are constantly exposed to danger from Colds, Whooping Cough, Croup, and diseases peculiar to the throat and lungs. For such allments, Ayer's lungs. For such ailments, Ayer's Cherry Pectoral, promptly administered, affords speedy relief and cure.

As a remedy for Whooping Cough, with which many of our children were afflicted, we used, during the past winter, with much satisfaction, Ayer's Cherry Pectoral. For this affection, we consider this preparation the most efficacious of all the medicines which have come to our knowledge.—Mary Parkhurst, Preceptress, Home for Little Wanderers, Doucaster, Md.

My children have been peculiarly subject to attacks of Croup, and I failed to find any effective remedy until I commonced administering Ayer's Cherry Pectoral. This preparation relieves the difficulty of breathing and invariably cures the complaint. — David G. Starks, Chatham, Columbia Co., N. Y.

I have used Ayer's Cherry Pectoral in my family for many years, and have found it especially valuable in Whooping Cough. This medicine allays all irritation, prevents inflammation from extending to the lungs, and quickly subdues any tendency to Lung Complaint.

—J. B. Wellington, Plainville, Mich. I find no medicine so effective, for Croup and Whooping Cough, as Ayer's Cherry Pectoral. It saved the life of my little boy, only six months old, carrying him safely through the worst case of Whooping Cough I ever saw.—Jane Malone, Piney Flats, Tenn.

Hard Workers The hardest workers in this country are farmers, and especially farmer's wives. Happy is the man who has work to do-and does it-and certainly a farmer has plenty to do. What we should aim at is to make our work as efficient as possible. It has been said that a man should nover do what a horse can do, and a horse should never have to do what a steam engine can do. And is is here where inventors, engineers, educators, manufacturers, and all who can aid us in doing more work with less labor and their usefulness. You will find that two of the important factors required to increase profitable production are capital and coal. The anarchists and socialists who drive capital from our industries are public enemies; the capitalists who combine to check the mining and distribution of coal, and thus

We want to see the steam-plow at work on tens of thousands of American farms, and as soon as the miners and railroads give us cheap coal, steam-plows will be rapidly introduced. Our seasons are so short that farmers almost kill themselves and their horses in trying to get their land plowed and crops planted A steam gang-plow that would take half dozen or more furrows at once, would do the work expeditionsly and well, and while teething, relieving all if the land got hard it would simply be a inflammation, swelling and question of good points, and a few more pounds of coal. There are plenty o young men capable of running the engines and plows.
